

THE TALENT WE FIND

Applicant:

Mathew Britton

**Qualified Hydrographic Surveyor
& Ex-Defence Member**

Resume Highlights:

- **Diploma in Spatial Information Systems**
- **Certificate IV – Hydrographic Surveying**
- **Royal Australian Navy – Petty Officer**
- **Marine Radio Operators Certificate of Proficiency**
- **Ex-Defence Member (NAVY)**
- **Drivers Licence**

Mathew has worked in the Royal Australian Navy for almost 15 years across a range of different roles, including working as a qualified Hydrographic Surveyor. Working as a Hydrographic Surveyor, Mathew occupies great attention to detail and is accustomed to working to strict quality standards. Throughout his career in the Australian Defence Force (ADF), Mathew has learnt excellent time management skills having to work under pressure to meet strict deadlines. As a result, Mathew is an extremely punctual and reliable worker. Mathew also has outstanding technical ability, with an aptitude for electronic and mechanical systems.

He has demonstrated the skills necessary to manage the operation of complex survey acquisition systems. This includes the detection, diagnosis and rectification of system and hardware faults. Mathew was quickly promoted to the rank of Petty Officer in minimum time due to proven work ethic and performance. He also contributed to the successful completion of Border Protection, Fisheries and Search and Rescue operations as well as being 2IC of Ship when in harbour.

Mathew's duties whilst working as a Manager of Hydrographic Systems included managing defects and planned maintenance of auxiliary ship systems including cranes and davits and Hydrographic equipment and manage the training and development of up to 25 personnel.

Whilst in the ADF, Mathew also worked as a Laser Airborne Depth Sounder Flight Coordinator/Operator. Duties included to plan and execute survey flight operations; coordinate pilots and ground staff as well as identify, diagnose and report system errors.

Mathew is looking for an opportunity to undertake a Mature-Aged apprenticeship in Air-Con/Refrigeration.
