

Kitts Creek

# Garden Club meeting minutes

---

15 May 2019 / 7:30 PM / KC Clubhouse

## ATTENDEES

Patty Matwijec, Annette Monahan

## AGENDA

### Last Meeting Follow-up

1. Warm season planting day was a success. Built new bed, transferred compost, and planted tomatoes, cucumbers, marigolds, and herbs. Thanks to all who contributed!

### New Business

- Welcome to our new members the Baron family, Lisa Bohling-Admire, and Doris Tarver
- The Board has a contractor committed to the water hook up. The application for the Town is being completed this week.
- We received donations of wood from the O'Connors and built 2 - 4 x 4 beds. We are designating these for pepper plants.
- Red beets, kale, lettuce and peas are ready for harvest. Cabbages will be ready soon.
- The radish and strawberry harvests are complete
- Compost is doing well, please continue to add to it and reference the guidelines on the garden page of kittscreek.com
- Thanks to our neighbors Leslie Huml and Chris Tong for the chicken wire donations! We see rabbits in the garden, but they are (so far) not eating the plants.
- \$85 was reimbursed from the dues to pay for the April planting supplies

## NOTES

- We will create a proposal for neighbors to sponsor a tree, using feedback from the homeowner survey.
- Summer open house is June 30

## **ACTION ITEMS**

1. Post current planting plan
2. Update member roster

## **NEXT MEETING**

Water status, planning for future events, review proposal for tree sponsorship
