

ON TIME

delivery

Franchise owners Jocelyn Harper and Paige Harper-Rabe outside their second Jimmy John's Gourmet Sandwiches at Toeppen's High Street Center in Crescent Springs, Kentucky.

When Paige Harper-Rabe was ready to open her second Jimmy John's franchise in Northern Kentucky, she wanted a location that was equally as good as her first one on Mall Road. She found that high traffic address she was looking for at Toeppen Companies' High Street Center in Crescent Springs. She also found a builder who considered service just as important as she did.

"It was nice to work with a company who values on time delivery, organizational skills, and efficiency," says Paige. "The build-out has been extremely smooth and the quality of work excellent. The Toeppen people really know what they're doing."

If you're also ready for a high visibility location where your schedules are taken seriously, give Toeppen a call today for your office, retail, commercial, or industrial needs!
