

Town of Farmville Response to COVID 19 (Coronavirus)

May 22, 2020

The Town of Farmville and our nation have gone through unprecedented times in the past few weeks but things are looking up. Governor Cooper has issued Executive Order 141 which lifts his Stay at Home Order and opens up more businesses and activities (with restrictions) including dine in services at restaurants, hair and nail salons, swimming pools, and many other previously closed businesses. During this time, the Town of Farmville has continued to provide essential services for our community while protecting the health and safety of our employees and residents. **The Town Hall and other Town buildings remain closed to the public as we make alterations within our buildings to enable social distancing and ensure a healthy environment for our employees and the public visiting Town facilities. Until we are able to safely re-open, the community is still encouraged to make payments via mail, email / online at www.municipalonlinepayments.com/farmvillenc, or the drive through window / drop box.** We appreciate your patience as these proactive steps are necessary for the safety of our public. For general town questions, please call (252) 753-5116 or (252) 753-5921.

All **Parks & Recreation** programming and activities are postponed and all **Community Center** programming and rentals are suspended until further notice. **Town parks are currently open but playgrounds remain closed per Executive Order 141.** For questions regarding the Parks & Recreation Department or Community Center, please contact Isaiah Lubben at (252) 753-6722 or ilubben@farmvillenc.gov.

The **May Museum** remains closed until further notice. For questions regarding the May Museum, please contact Lindsay Annis at (252) 753-6725 or lannis@farmvillenc.gov.

The **Farmville Public Library** building remains closed but the library will continue to offer curbside services for print and video materials and will continue to provide virtual story times and other online programming. For questions about the Library, please call (252) 753-3355 or email David Miller at dmiller@farmvillenc.gov.

The Town of Farmville will continue to monitor this situation and advise our community with up to date information as it becomes available. **Pursuant to State of North Carolina Executive Order 141, please refrain from mass gatherings / events of more than twenty-five (25) persons outside or ten (10) persons inside. All persons are urged to maintain social distancing and continue hand washing / sanitizing as recommended.** Please continue to monitor our town website, www.farmvillenc.gov , Town of Farmville Facebook page www.facebook.com/townoffarmville , and local media for future updates.

John O. Moore, Mayor

David P. Hodgkins, Town Manager
