Who We Are

SinCityIT was originally established in 2014 as a Managed Service Provider (MSP) focused on small to medium sized businesses. In 2017 SinCityIT was rebranded as a Veteran Owned Company allowing us to expand to the government sector as well as small to medium size companies. We offer services such as Disaster Recovery as a Service, Desktop as a Service, and Managed Services to mention a few.

Differentiators

Why Choose SinCityIT

- Veeam Silver Partner and Service Provider
- Partnered with a well-known Data Center
- VMWare Professional Partner
- SonicWall Partner
- Hands-on Management of Contracts
- Customer Relations is a Priority
