

## All-Cap Value Equity Fact Sheet

### Who We Are

Kirr, Marbach & Company, LLC (KM) is a registered investment adviser located in Columbus, Indiana. Registration of an investment adviser does not imply any level of skill or training. KM has been independently owned and managed since our predecessor was founded on May 1, 1975. As of September 30, 2021 KM had approximately \$432 million in firm-wide assets under management. KM manages separate accounts and is the adviser to a mutual fund.

### Our Investment Style and Strategy

We have remained true to our value discipline during good times for value and, more importantly, when value has been out of favor. When researching a stock, we evaluate it as if we were going to own the entire business for 5-10 years. We look for companies with solid business prospects, sound financial structures and strong, shareholder-oriented management teams whose stocks are selling for 50 cents on the intrinsic value dollar.

The stocks we find attractive are typically out of favor with “the Street.” We have also had success investing in spin-offs, post-bankruptcy reorganizations and other corporate restructurings. Our approach can be characterized as “buying straw hats in the winter.”

### We Believe in “Eating Our Own Cooking”

KM’s partners, employees and our families have significant amounts of our assets invested in the mutual fund we advise. We are thus invested directly alongside our clients and sit at the same dinner table. Because it seems like common sense that managers should have major stakes in the products they are selling, it is shocking to us the large number of managers with little or no “skin in the game.”
