# THE BYSTANDER MOMENT

**Transforming Rape Culture at its Roots**

## **VIRTUAL SCREENING & COMMUNITY CONVERSATION**

This **award winning documentary** explores the role of bystanders—especially friends, teammates, classmates, and co-workers—in perpetuating sexual harassment, sexual assault, and other forms of gender violence. Join Clove Alliance and additional guest speakers for a post screening discussion to learn how the community can make an impact to challenge and change the sexist cultural norms that too often lead to gender violence.

### **Virtual Panel Discussion:**

**Monday, April 26th from 1:00-2:00 PM**

A link to view the Bystander Moment documentary will be sent one week prior to event.
