YWCA IS ON A MISSION
2016-2017 ANNUAL REPORT

THE YWCA GETTYSBURG & ADAMS COUNTY IS DEDICATED TO ELIMINATING RACISM, EMPOWERING WOMEN AND PROMOTING PEACE, JUSTICE, FREEDOM AND DIGNITY FOR ALL.
Dear YWCA Friends and Family,

This report will enlighten you with information on what the YWCA Gettysburg & Adams County did to increase funding and provide quality programming. All of the fundraisers we host are done to help assure our financial integrity. This report encompasses July 1, 2016 through June 30, 2017.

I am pleased to say that we have another successful year under our belts! We track our progress using an established strategic plan with outcomes and measurements. Finishing our third year of the plan, we are well on our way to achieving many of the organizational goals. We continue to trust our familiar and popular events as we incorporate new and exciting opportunities each year. Support from community businesses help us meet the objectives of each of our special events. Sponsors are our lifeblood and we can’t thank them enough!

In May of 2017, we planned and executed our “Preserving Our Legacy” endowment campaign. As one of our biggest undertakings, we set the ambitious, attainable goal of $900,000! Many thanks to our development committee led by Jane Lordeman and honorary co-chairs Janet Dewar and Gretchen Stuempfle. This campaign will assure the future of our YWCA for generations to come.

At the core of the philosophy of our YWCA, our mission, values and principles guide us each and every day. We are here for our members, families and the Adams County community. We appreciate your loyal support and ask that if you have questions or concerns to contact us directly, we are always here to help.

My heartfelt thanks – it takes us all to succeed!

Deb Geesey
Executive Director
RACIAL JUSTICE PROGRAMMING

Every year, the YWCA hosts and sponsors programs that are free and open to the public. This year, we held advocacy forums on the topics of immigration and racial profiling (panelist Chief Joe Dougherty is featured in the center photo), presented the Living the Dream award at the Martin Luther King Jr. Celebration (bottom photo), had conversations about cultural competencies and showed our support for immigrants at two solidarity vigils.

YOUNG WOMEN’S EMPOWERMENT PROGRAMMING

LEGO Robotics, offered through the Gettysburg Area School District, introduces 4th and 5th grade girls to robotics and computer programming through the use of LEGOs. The program is facilitated by Gettysburg College students.

We also host a Women in History Essay and Art Contest for all Adams County students in sixth through eighth grade. This contest not only recognizes and honors influential women throughout history, but it also gives young students a platform to showcase their writing and artistic skills.

FEATURED FUNDRAISER

We began promoting “Welcome Your Neighbor” signs, featured in the top right photo, with the goal of having 100 posted in our neighborhood within the first year. We reached 75% of our goal in the first three months! This fundraiser brings in modest proceeds for our racial justice department, but residents showing support throughout Gettysburg and beyond is what really counts!
HEALTH & FITNESS

THERE’S SOMETHING FOR EVERYONE AT THE YWCA

The YWCA Gettysburg & Adams County has been repeatedly voted the best fitness facility in the region. We have an award-winning fitness center, indoor pool, whirlpool and sauna, massage therapists and personal trainers on staff to help you reach your health and wellness goals.

FEATURED FUNDRAISER

The spin-a-thon raised enough money for five new spin bikes! Members were thrilled that we were able to replace the older spin bikes with newer models that have computer displays. These computer displays allow the rider to monitor their calories burned, mileage, rotation per minute, and other important individualized information. The addition of the new bikes with the computer displays can help members who are trying to lose weight (by reporting calories burned) or other participants who are trying to improve their cycling performance. Computer displays can help members who are trying to lose weight by reporting calories burned, or other participants who are trying to improve their cycling performance.

"Being in the weight room gave me a whole new outlook on life."
- Mitchell Hoffman

Where else can you go and have so many great things to do?
- Shirley Golden

MEMBERSHIP AT THE YWCA

A YWCA membership allows you to continue or begin your health and fitness journey with boundless opportunities, classes and programs available. Exercise in our 6,500 square foot Margaret Trew Cline fitness center - voted Best Fitness Center in the region by Celebrate Gettysburg Magazine readers and selected as the Gettysburg Times' Pick of the County!

WHAT WE OFFER

Participate in boot camp (picture bottom) or group exercise class like Zumba, yoga or high-intensity interval training. Our sports and fitness staff includes certified personal trainers to help guide you through workout sessions and reach your goals. And if you just need to relax, book a massage or take advantage of our whirlpool.

Our vision at the YWCA is to empower all who walk through our doors. We do this by offering membership financial assistance to low-income families, seniors and veterans who otherwise could not afford our services. During our 2016-2017 fiscal year, the YWCA was able to provide 49 families with memberships. Our membership department hosts a variety of fundraisers, like the Bubba Bash Volleyball Tournament pictured on the right, that benefit the financial aid program, as well as our community.

FEATURED FUNDRAISERS

Twice a year, the YWCA hosts women’s self-defense classes. This women’s empowerment initiative is offered free to members and focuses on mental preparation, situational awareness and instruction on techniques such as arm bars, punching, kicking and throwing. Attendees always report increased confidence.

Another important annual event was our multiphasic blood screening, hosted at the YWCA by WellSpan Health. The MBS provided an opportunity for hundreds of people in our community to get their blood work checked. This screening helps detect problems such as heart disease, some forms of cancer, and diabetes.
## AQUATICS AT THE YW

### SWIMMING AT THE YWCA

Since 1981, the YWCA Gettysburg & Adams County has been home to the only public indoor swimming pool in the region. Within our aquatics department, we offer a variety of programs for all ages: from our American Red Cross-certified parent-child swim lessons that teach children as young as 6 months old age-appropriate respect for water, to water fitness classes that benefit older adults.

Children and teenagers can participate in swim lessons that will take them from elementary water safety skills to be able to swim at least six different strokes. More advanced children and adults can join our Sharks swim team or our masters swimming program. We have recently expanded our swim team program for youth to compete on a national level and even train for the Olympics. Our water fitness classes offer our more senior members an opportunity to strengthen their muscles and lose weight in a no-impact environment.

### LIFEGUARDS

Our lifeguards are highly trained and possess an American Red Cross Lifeguard certification, as well as First Aid and CPR/AED for the Professional Rescuer certifications. In addition, our guards received their certifications in administration of Epi Pens and Asthma Inhalers in early 2017.

### FEATURED FUNDRAISER

The aquatics department hosted a “Last Chance” swim meet in November and a “Go the Distance” swim meet in April. Combined, the meets raised $1,250 which was spent on purchasing a lane line for the pool. The lane line was necessary for the YWCA to continue with competitions.
The YWCA has sponsored Road Scholar Gettysburg trips for 26 years. We work hard to offer a trip that meets the rigorous standards. Over the years, we have offered service programs in conjunction with the Gettysburg National Military Park, intergenerational trips that include grandparents and grandchildren, biking the battlefield trips, trips that include Antietam and Harpers Ferry, as well as the traditional trips that include reliving one of our nation’s most defining moments.

Why should you use Road Scholar rather than some other travel agency? I like to think it is explained in their mission statement, “Road Scholar inspires adults to learn, discover, and travel. Our learning adventures open minds to new ideas and deepens understanding of oneself and of the world’s peoples, places, cultures, history, and environments.” They’ve been planning these kinds of experiences since 1975 and often utilize local non-profit organizations such as the YWCA to organize the trips.

FEATURED FUNDRAISER

Our Road Scholar Director coordinated five buses that shuttled 257 people to the Women’s March on Washington in D.C. in January of 2017. Proceeds totaled just over $1,000 and that money was put towards a variety of items including: the YWCA’s Financial Assistance Program, new tablecloths for the YWCA community room’s events, Road Scholar Group Leader gifts, and a Road Scholar season kick-off luncheon.
The YWCA is Adams County’s largest childcare provider, offering quality care at two centers in Gettysburg, and one before-and-after school program at Fairfield Elementary School.

OFFERING UNMATCHED, QUALITY CARE

The YWCA provides families a high-quality early education program that benefits the children, community and society. Daycare provides a healthy learning environment that prepares children for school, a stimulating, nurturing atmosphere to promote growth, and helps children thrive mentally, socially, emotionally and physically while improving their verbal and intellectual skills.

There are several factors to consider when searching for quality childcare programs. The Keystone STARS program is a quality improvement program that ranges from one to four stars. The higher the star level, the higher quality the program is. The Keystone STARS program ensures centers obtain high standards, training, assistance, resources and support throughout their program. Other factors to consider are licensing, staff-to-child ratio, teacher-child interaction, curriculum, meals, daily schedule, location, hours of operation and staff turnover rate.

FEATURED FUNDRAISER

The YWCA Child Enrichment Programs sold Shultz’s Subs and raised over $500! Proceeds were spent on special classroom events such as Mother’s Day and Father’s Day projects, and supplies for summer camp.
ADAMS COMMERCE CENTER

The Child Enrichment Programs at Adams Commerce Center continues participation in the PA Keystone STARS program and maintains a STAR 3 status. One of our big accomplishments was the installation and completion of a dinosaur-themed playground! We received generous donations to help with this project and many others, including: purchasing appliances for our kitchen, and completing classroom setup at the new center.

BRIDING THE GAP PROGRAM

Our pre-school teachers participated in the “Bridging the Gap” program which is sponsored by the United Way program to increase communication between the local childcare programs and the school districts to ease the transition for children entering kindergarten. Participating in this program helped us collaborate with Gettysburg Area School District to provide a fieldtrip to visit a Kindergarten classroom for the twenty children who transitioned in August. The following school districts were represented in our center over the past year: Gettysburg, Fairfield, Upper Adams, Littlestown, New Oxford, and Bermudian Springs.

ACTIVITES HOSTED AT ADAMS COMMERCE CENTER:

- Pre-school graduation
- Parent conferences
- Muffins with Mom
- Doughnuts with Dad
- One Book One Child program
- The Gettysburg Fire Department visited our center during fire safety week
- Annual Open House - this year we celebrated the move to our new location!

FEATURED FUNDRAISERS:

We sold Joe Corbi’s Pizza Kits which yielded a profit of $1,400, $977 for our Schultz Sub Sale and $1,170 from Butter Braids fundraiser. We use our income to purchase educational and art supplies for the classrooms throughout the year.

WORKING AT THE YWCA
Throughout the year, the YWCA averages 59 full-time staff, 12 half-time, 85 part-time, and 9 seasonal, for an average of 165 team members. We began working with Gettysburg College to conduct trainings that include topics like communication and effective listening, DISC work style evaluations, and safe zone training.

- Financing Activities: **$5,303**

### Annual Cash Flow

**($65,303)**

---

The Net Income for Fiscal Year Ended June 30, 2017 includes donations received for the Endowment Campaign. These donations make the Annual Cash Flow negative because these contributions are permanently restricted as reflected on the Restricted Investments line.
Our YWCA Hallmark Sponsors ensured that we could offer successful programs and special events for our members and the community. Together, we work towards creating a healthier, happier, more accepting Adams County.
