Education

Montclair State University

Montclair, NJ

Ph.D., Teacher Education & Teacher Development
Specialization: Higher Education

Anticipated May 2024

Advisor: Jaime Grinberg

My research area is the systems of higher education. I'm currently working on a research project exploring how the experience of moving quickly to remote teaching online for the first time in Spring 2020 and how this experience may have affected and informed instructor identity.

Quinnipiac University

Hamden, CT

M.S., Instructional Design

September 2016

Awarded September 2016 - 4.0 GPA

Final Thesis & Portfolio: InterAct – Stage Management Course

Advisors: Kristen Bourgault & Ruth Schwartz

InterAct is an online introduction to stage management course, geared towards students already working in theatre and who have declared stage management majors. Online courses in stage management are not found in surveying current offerings, though other introductory level theatre courses are available. With current technology, this does not have to be the case. Combining traditional elements of theatre courses and interactive elements allows students to build upon their prior knowledge and apply their understanding through the interactive activities and portfolio creation. The course is composed of traditional textual and multimedia resources as well as interactive elements like portfolio work, peer review, online mentoring, discussion forums, and interactive videos.
