	⑪ <b>FTS SWITCH</b>	Requires 1 per system. One switch may be used to control more than one system. EACH SOLD SEPARATELY. Contact WT Shade for details.

\*Drive side and Roll Direction are defined by the perspective and position relative to the room.

## SYSTEM FEATURES

- ◆ Brackets are capable of Ceiling or Wall mounting.
- ◆ Regular or Reverse Roll available. Motors may be Drive Right or Drive Left.
- ◆ All WT Shade roller shades are available in the *exclusive* line of sustainable solar protection fabrics by EcoFabrix. To view all available fabrics, visit EcoFabrix.com.
- ◆ This system uses Wired Line Voltage motors by Somfy. See Motor Reference Guide for compatible motors, or visit Somfy.com for more information.
- ◆ AeRise shades require programming in order for the shade to operate. All Motor Controls are sold separately.
- ◆ Best For Kids Certified! Visit WCMANet.org for more information.
- ◆ Construction Documents for this system and others available at WTShade.com.

## EDGE CLEARANCES

## SYSTEM CAPABILITIES

MIN WIDTH	36"	MAX WIDTH	120"
MIN LENGTH	24"	MAX LENGTH	120"

Width and Length may vary depending on the selected shade fabric. The measurements given above are based on EcoFabrix 253. These measurements are for guideline purposes only and in no way guarantee that a shade with any other fabric can be made to these dimensions.
