

We print on 150gsm A3 paper (297mm x 420mm) but not to the edge (our frame hinges cover the resulting white space as per images, right)

Your artwork needs to be sized to 288.60mm x 411.60mm portrait without trim marks or bleed areas

Please keep anything important at least 15.8mm away from the edge of your artwork to account for the frame overlaps
