**Jacob asked to return to Canaan:** Laban learned that the LORD has blessed him because of Jacob, desired Jacob stay

**Name your wages:** Jacob asked for the specked or spotted goats and sheep and the black lambs in exchange for caring for Laban's flock

**Laban manipulated:** removed and sent away the marked goats and the black lambs from the flock

**Jacob attempted to influence the breeding process:** set sticks with peeled white streaks in the water troughs; bred the stronger stock

**Jacob increased greatly:** blessed with large flocks, servants and livestock
