6:00-6:40pm – “Meet & Greet”

(light refreshments provided)

Meet Board of Education, County Council, and other Elected and MCPS Officials

6:40-9:00 pm – What Are Your Concerns?

Each summer, the MCCPTA leadership along with MCPS senior staff and elected officials hold this conversation to hear directly from members of the community about current concerns.

What do we talk about? Our agenda includes opportunities to talk about:
the new curriculum roll-out

how students of different demographic groups are doing in our cluster schools

how MCPS is addressing our facility and enrollment needs

expectations about the MCPS Boundary Study

New High School Options, Including Changes to the IB programs

Why is this important? This conversation serves to inform MCCPTA advocacy priorities for the coming year. It also serves to put specific issues on the MCPS/BOE “radar.”

Who should attend? We specifically target PTA leadership but welcome (and encourage) all community voices to participate in this conversation.
