

# NEW MASK POLICY

If you are vaccinated, members will no longer need to wear a mask.

**If a member is not vaccinated, you will be asked to wear a mask in all JCC spaces,** indoors and outdoors. Please review health questions before entering our building and if you are not well, please come back when you're feeling better. (We will no longer be taking temp checks as part of the check-in process).

We will not be confirming vaccine status, let's continue to keep each other safe and get back to wellness activities!
