Summary

I am a Licensed Mental Health Practitioner. I have worked in various fields including non-profit agencies, public schools and corporate businesses. I am a certified Emergenetics Trainer and enjoy working with people to help them achieve their personal and professional goals.

Skills

- I am skilled at developing training programs specific to an individual or company's needs
- I am comfortable presenting to both small and large groups
- My education and experience have taught me how to work with different types of people and personalities effectively
- I collaborate well to meet individual and company expectations
- I truly love interacting with people-both on an individual basis and in group settings

Professional Experience

Roofing Service Company & Classic Garage Solutions

Owner/Operator *2014-present*

My husband and I began Roofing Service Company in 2014 and then in 2015 started Classic Garage Solutions.

Continuum Employee Assistance Program

Training Partner *2017-present*

I spent time working with the therapists at Continuum in the summer of 2017 and have remained a training partner of theirs since that time. I provide trainings as needed on team building and communication for participating companies.

BIST

Educational Consultant *2015-2016*

I worked within Lincoln and Omaha public schools to assist staff in addressing behavioral challenges. I met with both teachers and administration to develop plans of action to begin to make positive changes. I also provided staff trainings on mental health issues as well as behavior intervention strategies.

Child Guidance Center

Mental Health Therapist *2008-2009/2011-2015*

I held both an outpatient position as well as a school therapist position. In both of these roles I worked with children and their families to address concerns and help them move forward while working on their specific goals.

West Asset Management

Trainer *2007-2008*

Provided all new employee trainings as well as continuing education courses for current employees.

The InSight Program

Employee Assistance Counselor *2004-2007*

Provided individual and family therapy for employees of participating companies. Presented trainings to companies on team building, communication, stress management and other mental health related topics.

Education

Doane University, Lincoln, NE *2002-2005*

Master of Arts in Counseling

University of Minnesota, Minneapolis, MN *1998-2002*

Bachelor of Arts in Psychology

Personal

I am a mom of three busy kids. Between all of their activities they keep my husband and I on our toes. When we aren't shuffling kids to and from activities, we like to spend time outside. We try to make it to Colorado at least once a year to ski and we like to visit a new place each summer.
