

IMPORTANT INFORMATION – PLEASE READ – COVID 19

Since the onset of COVID-19, our practice has placed the highest priority in keeping everyone as safe as possible while we continue to care for our patients.

We are taking the following measures to ensure the health and safety of you and our employees:

- Every employee is screened upon arrival for signs of illness. Face masks are worn by all employees and we have redesigned workspaces to allow for social distancing as much as possible.
- In addition to regular cleaning of our exam rooms and public spaces, we have added ‘touch point’ cleaning throughout the day.
- Patients are screened via our automated appointment reminder system a day or two before their appointment to check for signs of illness and fever and both vaccinated and non-vaccinated patients are screened upon arrival to their appointment.

- Do you have any of the following?
 - Fever (99.5F* or above) or feeling feverish (chills, sweating)
 - New onset cough, sore throat, congestion, or runny nose
 - New onset of loss of taste or smell
 - New onset of shortness of breath or difficulty breathing
 - New onset of headache, fatigue, muscle, or body aches
 - New onset of nausea, vomiting or diarrhea
- In the past week have you been in close contact (less than 6 ft) for a prolonged period of time (greater than 2-3 minutes) without proper PPE with someone who has been confirmed positive with COVID-19 or with someone who is actively sick with COVID-19 symptoms?
- Are you or a close contact waiting for COVID-19 test results or have you been tested in the past 14 days?
- ***IF YOU ARE EXPERIENCING ANY OF THESE SYMPTOMS OR ANSWER ‘YES’ TO THE LAST BULLET, PLEASE CALL US TO RESCHEDULE YOUR APPOINTMENT.***

- All patients are required to wear a mask or face-covering ***at all times*** and it must completely cover the nose and mouth ***unless it is removed by the provider during the exam.***
- We are limiting entrance to our exam rooms to patients only unless the patient is a minor OR needs assistance during the visit. Those that are accompanying a patient are also required to wear a mask or face covering and will be screened for health concerns just as the patient is. ***DUE TO LIMITED SEATING IN OUR RECEPTION AREAS, GUESTS MAY BE ASKED TO WAIT IN THEIR CAR.***
