

The following procedures will be in effect for ALL DEVO gatherings until further notice:

- 1) All riders, coaches, and volunteers will wear buffs or masks to practice. They must be worn around the neck and pulled over the face when doing anything other than trail riding. When trail riding, masks and face coverings will be optional.
- 2) Parents and coaches must wear face coverings at drop off and pick up. Please minimize drop off/pick up time and do not congregate with other parents.
- 3) Parents must report their rider(s)' temperature before each session. A temperature of 100 degrees or over will result in the rider not being able to practice.
- 4) ANY cold/flu/COVID symptoms should be reported to coaches to begin contact tracing if necessary. If necessary, DEVO coaches may forward contact tracing info to Jackson County Public Health.
- 5) Coaches will minimize contact with students' bikes. If there is an emergency or other situation requiring physical contact, face coverings will be worn and parents will be made aware of the contact. In situations where static holds are required for teaching, coaches will wear gloves as well.
- 6) There will be no high fives, hand shakes, or physical contact between riders or riders and coaches.
- 7) All participants must carry hand sanitizer with them in their packs, and use after using the restroom or touching another rider's gear. Touching of other riders' gear or bikes will be strongly discouraged and monitored.
- 8) Riders will not share snacks, water, or gear with others.

Ashland DEVO reserves the right to ask non compliant riders and parents to leave our programs without refund in the event these policies are ignored or not followed. Minor infractions will be corrected and parents will be notified before more serious action is taken. Final disciplinary action will be at the discretion of the Executive Director.

Operating during a pandemic presents challenges not normally seen or dealt with. Cooperation by all is needed to be able to run these programs. Thank you for reviewing and signing with your families and riders so we can run our programs safely and efficiently.
