Apricot Cider

“ A well-rounded apricot cider can be quite the challenge to create. Our goal was to produce a cider that remained apricot floral on the nose, while also maintaining proper balances of semi-dry fruit characters on the palate. A perfect balance of apple and apricot. This is a beverage that begs to be paired with gourmet food offerings.”

Marcus Roberts
Cidermaker

Overview

Our 100% natural ciders are made from farm fresh fruit grown in the Yakima Valley. Over 40 varieties of cider and heirloom apples are handpicked, pressed and packaged to produce each of our blended creations.

Tasting Notes

A well-rounded apricot cider balances sweet and tart characteristics, this beverage also maintains fruit forward apricot on the nose.
