Meridian Health Services

Medical and Insurance assistance

765-641-7499

Office Hours – All Meridian offices are remaining open and are continuing the same clinic hours as normal to accommodate patients and the community during this time.

Exposure & Testing – If you believe you or your child may have been infected by the coronavirus, please contact us by phone and we will direct you to the proper facility for testing.

Appointments – We are RESCHEDULING all ROUTINE and NON-URGENT care visits for the next 8 weeks, except routine vaccinations for children or otherwise instructed by your doctor. This preventative measure is to ensure non-sick patients aren't exposed to the virus. A Meridian staff member will be calling you to reschedule your appointment and answer any questions.

Sick Visits – Please call ahead for ALL sick visits, especially for symptoms of a fever and cough. We are abiding by CDC guidelines to reduce the risk of COVID-19 contamination by requiring anyone with symptoms to contact us via phone before coming into the office.

Car Visits – If you or your child needs an Influenza A & B or strep swab, we may come out to your car. This limits everyone's exposure and makes your visit safer. Please call ahead to arrange before arriving.

Virtual Visit - Telehealth – We are implementing telehealth services, which provides additional social distancing as an available extension for some patients and clients for psychiatry and medical services. Please call your office to inquire about a telehealth virtual visit.

Caregivers – We ask that only the patient and one additional healthy person can attend the appointment, unless approved as a special circumstance will be allowed.

St.Vincent Anderson Regional Hospital (RUAH)

Insurance and Medical assistance

765-646-8240

Ascension St. Vincent implemented updated temporary visitor restrictions at all of its hospitals to reduce the spread of viral respiratory infections, including COVID-19.

The current visitation policy at Ascension St. Vincent hospitals across Indiana includes the following points:

- Points of entrance into buildings will be limited.
 - All visitors will be screened when entering the building.
 - If a visitor lives in a community with a confirmed case of COVID-19, he/she will be asked not to enter the building. Exceptions will be made for the parent/legal guardian of an inpatient minor with no other positive screens.
 - If a visitor screens positive to any of these questions, or if he/she has a temperature of 100.1 degrees or higher, he/she will not be permitted to visit.
 - Visitors under the age of 18 are not allowed unless they are an emancipated minor, the parent of a patient or other case-by-case exception.
 - Visitors will not be allowed for patients with COVID-19 except for end-of-life situations.
 - A parent/legal guardian will be allowed to stay with a minor child who is hospitalized for COVID-19.
 - Local hospital leadership will determine further visitor restrictions at their discretion.
