

Dogs

MORE THAN PETS.

SPECIAL EXHIBIT

April 6 – July 7

DOGS: More Than Pets takes visitors inside the science, history, DNA, folklore and pop culture of dogs. It's interactive, hands-on and filled with photo opportunities and hundreds of fascinating facts – did you know a dog named Marjorie helped scientists discover insulin? Or that dogs were the first animals to orbit earth in space? Find out what kind of dog is right for you and so much more!
