

REFUGEE SEWING PROGRAM VOLUNTEER

We are always recruiting volunteers for our Refugee Sewing program at the Refugee Education and Training Center (250 W 3900 S)! This exciting program will be revitalized with brand new curriculum and a new cohort this **January**! Your support will make a huge impact on these women. Our curriculum ranges from the basics, to repairs and alterations, and even a partnership with Cotopaxi. This program has incredible room for growth, and we hope you will become part of our community!
