

THE TIDES

DRIVING DIRECTIONS

Coming from the north:

Head down the main road between Arusha and Tanga (passing through Moshi). About 30kms from Tanga you will pass through a small town called Muheza. In the middle of town there is a turning off the main road (just before a fuel station) to the right sign posted 'Pangani'. Take this road which is not tarmacked and follow for approx 40 kms when you will come to the top of a hill with the ocean in front of you. Head down to the T junction (in front you will see many sign boards). Turn right into Pangani which is only a few kilometres. Follow the tarmac road in Pangani to the ferry terminal. Buy a ticket at the booth - 5000/- per vehicle + 1 driver + 200/- per passengers (who have to walk on to the ferry). Once across the Pangani River follow the only road up a small incline and continue along the main road through Mwera which is approx 5kms. Once through Mwera you will see the Police Station on the left and a mobile telephone mast, after about 1 km the road will split. Keep on the main road to the left hand side and in about 200m after the split on the left-hand side you will see the signs for all the lodges (please ignore any old signs -this road has just been redone recently). This turn off point is about 12 kms from the ferry. Turn left and keep straight till you get a T junction. Turn right at the T-junction and right again in front of the Ushongo village. Continue straight till you see The Tides lodge on your left. If you are going to Mawimbi Villa just proceed past The Tides Lodge and continue straight for about 2 kms until you see the sign on your left.

Journey time is between 7-8 hours.
