

**MEMORY LANE # 54 (EDITED)
FROM THE 1972 YOUNG ISRAEL OF CHOMEDEY
"SANCTUARY SPECIAL EDITION"**

In honour of our Sanctuary, your Men's Club will make a greater effort to achieve even more than ever. All Shul members are being called upon to offer their services in the area most suited to their particular talents and inclinations. Please come forward and help.

Our community may well be proud of our past accomplishments of the past thirteen years. We have grown from a small pioneering settlement to a major sized community, and our Shul has gone from a little bungalow on Rimiti Street, to a beautiful Sanctuary. All this has been accomplished through dedication and efforts of our members, and their confidence in our community and its leaders. We will, no doubt, retain beautiful memories of our youth because we felt welcome and because our Shul is beautiful. May we realize all of our dreams and be inspired as we pray in our new Sanctuary for the first time.

During our Sanctuary year, your Sisterhood has dedicated itself to renewed efforts on behalf of the Congregation. Plans are being formulated that will interest all our members and potential new members. Congratulations to all those who did everything possible to make our Sanctuary a reality.

Florence Roisman, Geraldine Rappaport, Shirley Roll, Triumverate

(Yashor Koach to Fred Rudy for providing us all with these memorable historical moments, which some of us may still remember!)
