Mattresses & box springs with bedbugs or that are badly stained must be wrapped for pickup.

# Trash Information and Preparation for Weekly Service

## Trash Service (1x a week):

### Limit:

Weekly trash limit is up to (4) 32 gallon tied bags or personal containers under 50 pounds per container or yard waste bundles not to exceed 4 feet in length and 2 inches in diameter.

### Non - Acceptable Items:

Abrasives, Ashes, Animal Carcasses or Animal Waste, Barrels - unless rinsed and/or empty with both ends cut off, Batteries, Bulbs, & Ballasts, Boxes of any size, Cars, Trucks, Motor Homes, Buses (No Vehicles), Contaminated Solids, Corrosive Waste, Electronics (TV's, computers, computer parts, cell phones, etc.), Empty tanks - gas, oil, fuel, unless rinsed and/or empty and cut in half, Flammable Waste, Fluorescent light tubes (large quantities), Foundry Sands Hazardous Waste, Liquids, Medical Waste, Paint (can accept if dry or hardened), Radioactive waste, Reactive Waste, Septic Waste, Sludge, Used Oils -motor, hydraulic, mineral, cutting, etc.

### Preparation:

All trash must be contained in a tied bag including if you use a personal trash container to set at the curbside. This helps prevent loose trash from blowing once dumped into the truck or if a trash can blows over due to high winds. You cannot use a cardboard box as a trash container.

# Recycling Information and Preparation for Weekly Service

## Recycling Service (1x a week):

### Limit:

Borough provided bins for recycling or personal containers clearly marked for recycling. There is no limit on how much you can recycle please just make sure your containers are clearly marked

### Acceptable Items:

Cans (Aluminum and steel) Plastic (bottles & jugs #'s 1,2 and 5), Newspaper (clean & dry, no food contact.) Glass (bottles & jars), Cardboard (dry & flattened, no food contact), Cartons (milk & juice)

**Large boxes must be broken down & bundled  
or put into your recycle bin**

### Non - Acceptable Items:

Solid Waste, Anything contaminated with food or waste debris, Styrofoam, broken glass, plastic bags, garden hoses, paper, clothing, diapers, medical waste, scrap metal.

### Preparation:

Materials must be rinsed clean of all food and waste debris and dry. If you have a large box that also has Styrofoam or other packaging materials, please remove those items as they are not recyclable. Materials must also be loose in your recycling bin, do not put recyclables in a plastic bag as plastic bags jam up the equipment at the recycling center.

**When in doubt, throw it out!**
