Principal's Update

Mme Chahine updated the group on the following:

Signage posted around school; hallways have been divided with directionals.

Sign in and sign out sheet. Visitors are very rare

Parents have been very good about waiting outside to pick up their children.

Hand sanitizers are in every class.

Students are reminded if you cannot keep away from your friend at recess, keep your mask on.

Teacher will give you a mask break later.

Reminders are made by the teacher and students are reminded over the PA.

Reminders must also come from home so that we have one common objective.

29 students in each kinder class. The classes have been divided into the two kinder classes. Also opened up the cubby room for the other class. The ECE and teacher rotate among the kids. They play outside together in the Kindergarten yards.

Plexiglass was received for all classes 15 and over.

Air diffuser is being used in every class except for the Portable.

Curriculum night is Oct 20, teachers will send a package via email or google classroom to parents. Staff will include classroom pictures and safety measures as part of this package

School has received information regarding the change of delivery options. The board has sent an email out to all the parents. If parents require changes they need to do so by Oct 19. TCDSB wants to make sure all students are placed by Nov 16 and need to be firm with their admission deadlines.

Gym classes are inside during inclement weather. The physical education teacher has sanitizing protocol to follow when inside but tries to take advantage of being outdoors.

Many changes have been made this year from TPH and the board. Not sure how class changes will affect our school structure.

Parent question: Will the kinder outdoor yard without toys also be furnished with items to play with? Could parents donate directly to the classroom teacher? Principal will follow up with teachers.
