

FRAN CRONKWRIGHT

Fran Cronkwright has been involved in volunteering since she was a teenager. She started her career in volunteering as a leader of a young girls' group. Since that time she has served on a wide variety of committees and Boards.

Fran has been a member of the Advisory Board for Children's Services for Victoria County and was a member of the steering committee that designed, developed and implemented the plans for the Victoria country Resource Centre. This program became a model across Ontario for similar programs. Fran's Board experiences extend to other types of Boards as well. She has served on the Southview Estates Cottages Association, Oakwood Skating Club and the Lindsay Curling Club Board.

Fran brings many skills, abilities, and experience to the Board. She is a clear communicator, enjoys working cooperatively and has completed a Volunteer Management Course at Humber College and has served as the Volunteer Coordinator at CLD where she was key in providing leadership to the recruitment of volunteers. She also understands very well the trends in the development sector and brings this understanding to Board initiatives.

Fran believes strongly in supporting those with intellectual disabilities and in providing challenging and integrated opportunities for those Community Living Dufferin supports.
