

North Florida Area 14 April Assembly is cancelled!

How to provide feedback on 70th General Service Conference to your Delegate

Because the April Assembly is critical to hearing your group's input on Agenda Items, we now need to get to the important business of agenda item feedback in new ways.

Below are several ways you communicate with me.

The face-to-face General Service Conference has also been cancelled, and we will have a virtual Conference April 18-25th. The hotel where the conference was to be held is just outside the containment area in New Rochelle, NY. While I am disappointed to miss the personal experience, especially for our first-year delegates, I'm excited to be a part of this history making Conference. I don't have many details yet but will keep you informed.
