RE: CERTIFICATION - GMO STATUS

Your application received on 15 October 2020 with regard to the genetic status of rooibos and honeybush in South Africa has reference.

Based on the affidavit received from your office, we hereby certify that the crop below is not genetically modified. To date, South Africa has not authorised commercialization of genetically modified rooibos and honeybush.

Genus and species	Variety name	Silo identification	Quantity
<i>Aspalathus linearis</i>	Rooibos	2010-347-001	7000 Tons
<i>Cyclopia spp.</i>	Honeybush	2010-347-002	2000 Tons

Please note that this certificate is valid from **21 October 2020 – 21 October 2021**.

Yours sincerely

Ms N Mkhonza
