

Provider:

Biography:

Nancy Parson, Ph.D.
Comprehensive
MedPsych Systems
1090 South Tamiami Trail
Sarasota, FL 34236
(941) 363-0878, Ext. 2107

Specialty: Pediatric Neuropsychology, Forensic Neuropsychology, Psychotherapy with women related to women’s issues.

Dr. Parsons obtained her Ph.D. degree in Psychology from the University of Virginia (APA accredited) in 1988 with an internship which included neuropsychological training at the San Francisco VA. She continued her neuropsychological training specializing in children and adolescents for many years which ultimately led to her obtaining board certification from the American Board of Pediatric Neuropsychology in 2011. In fact, Dr. Parsons is one of only six ABPdN board certified pediatric neuropsychologists in the state of Florida. She now provides both forensic and clinical neuropsychological evaluations of children. In addition, she offers psychotherapy to adult women.
