

Town of Lyme
Open Space Commission

Open Space Commission

Meeting Minutes

October 24, 2017

In attendance: Paul Armond, Bob Cope, Barbara David, Anthony Irving, George Lombardino, Parker Lord and Lucius Stark

The meeting was called to order at 7:05 pm. Business items discussed included:

1. Bob Cope of Parks & Recreation has joined the Open Space Commission, replacing Steve Mattson.
2. Jewett Property: As presented at the August meeting, the Jewett family has again offered to the Town a small property and cemetery near the entrance to the Jewett Preserve. Ownership of the cemetery includes an easement allowing maintenance vehicle access to the Preserve, and space for much-needed visitor parking. Residents will vote on accepting the parcel at an upcoming town meeting.
3. Selden Creek River Access: A plan under consideration would improve the river's accessibility to kayakers by installing an articulated concrete pad at the Selden Creek property from the parking lot to the waterfront. The pad, which requires minimal upkeep, should circumvent obstacles preventing construction of a dock in this area.
4. A motion was made by George Lombardino, seconded by Lucius Stark and passed unanimously to approve the minutes of the August meeting.

The meeting was adjourned at 7:45pm.
