World War I Memorial Plaque
Twenty-eight Enlistees from Lyme, CT 1917-18,
Lyme Congregational Church Green near Hamburg Road.
Photograph by Ann Brubaker.
Dedication

This year’s town report is dedicated to Ralph F. Eno Jr. who has led our town as First Selectman for over 20 years and retired at the end of the 2016 – 2017 fiscal year. Ralph dedicated himself to our town and we are immensely better off because he did.

Ralph’s accomplishments were many and varied. He navigated the town through good times and bad, through hurricanes and massive snowfalls, through economic boom times and financially difficult times. Ralph always had the best interest of the town at heart and exercised the fiscal constraint that has allowed the town to flourish while holding our tax rate at the lowest level possible.

During Ralph’s tenure, he led the efforts to enact pension plans for our Emergency Services volunteers as a way to thank those volunteers for their service and to act as an incentive to attract more volunteers and keep them once they had joined the services.

Ralph introduced affordable housing to the town both with the town’s program as well as the creation of the Lyme Compact as a private, parallel effort to make affordable housing more available in town.

He also led the effort to rebuild our town hall and construct a new library from which the town has benefitted greatly. He completed the herculean effort to cap the landfill and create a transfer station to serve the needs of our community.

Ralph championed the efforts to acquire open space as a way to preserve the character of the town and prevent development that could have changed our town in many, possibly unpleasant, ways. His cooperation with the Lyme Land Trust and The Nature Conservancy have preserved thousands of acres of town for the future generations of Lyme.

Countless unseen hours were spent by Ralph in representing our town and other small towns at the state legislature in Hartford to assure that state actions did not create unneeded difficulties for Lyme and to try and bring common sense to a in many, possibly unpleasant, ways. His cooperation with the Lyme Land Trust and the Fiscal constraint that has allowed the town to flourish while holding our tax rate at the lowest level possible.

Ralph introduced affordable housing to the town both with the town’s program as well as the creation of the Lyme Compact as a private, parallel effort to make affordable housing more available in town.

He also led the effort to rebuild our town hall and construct a new library from which the town has benefitted greatly. He completed the herculean effort to cap the landfill and create a transfer station to serve the needs of our community.

Ralph championed the efforts to acquire open space as a way to preserve the character of the town and prevent development that could have changed our town in many, possibly unpleasant, ways. His cooperation with the Lyme Land Trust and The Nature Conservancy have preserved thousands of acres of town for the future generations of Lyme.

Countless unseen hours were spent by Ralph in representing our town and other small towns at the state legislature in Hartford to assure that state actions did not create unneeded difficulties for Lyme and to try and bring common sense to a process that sometimes seems to lack such a focus. He had impacts far beyond those usually associated with a small town and represented the other small towns and Lyme in a magnificent manner.

Most importantly, Ralph left the town in terrific shape. He completed all of the really big projects before his retirement and left our finances in a very healthy position. He has left us positioned to continue improving our town without the need to raise taxes to address unattended needs. For this the new First Selectman is personally very grateful as it makes his job filling Ralph’s shoes much easier. Not that any successor will be able to fill Ralph’s shoes. The impact that Ralph has had will continue far into Lyme’s future.

Ralph and Penny will surely be missed in town. We all wish them the very best in their retirement in Maine.

Lyme Faces World War I

Lyme was still a very small agricultural community in the early 20th century. In 1910 the population was 746, less than half the population in 1860. There were 252 houses and out buildings, 7 stores and 15 mills. Earning a living was made largely in farming, fishing, milling, quarrying, carpentry and store keeping. Motor vehicle ownership had barely begun; a telephone exchange with operator came in 1914 but no electricity until 1921, and then to only parts of town. Public education was in seven one-room elementary schools, each with a single teacher. High school was optional and available only in other towns (no high school in Old Lyme until 1926). Lyme was on the cusp of moving into a much wider world.

While war raged between Germany and France and their allies in Europe from 1914-1917, the U.S. held to an official position of neutrality toward all sides. However, U.S. public opinion ranged widely from eagerness to join the war to strict neutrality. These were contentious times.

As soon as President Wilson and the U.S. Congress declared war against Germany and its allies in April 1917, many tasks needed to be quickly addressed. Appeals and instructions from the national Council of Defense rolled out to every sector of the country, including Connecticut, asking for participation and resources. As early as February 1917 Connecticut had already undertaken a military census of all male inhabitants over the age of sixteen. The Connecticut Council of Defense established War Bureaus in Connecticut towns, including Lyme, to address the nation’s concerns about food and fuel supply, public safety and financial support for the war.

For the Lyme community to understand the implications of the nation’s war footing for their lives, it would have been important to have public access to current news sources. The New London Day, Norwich Bulletin and Deep River New Era carried selected war news starting in 1914. Large city and national newspapers would have arrived via Connecticut River steamships, like the “Middlesex” and “Hartford”, carrying freight and passengers on daily trips between Hartford and New York, with scheduled stops in Hadlyme and Lyme (Ely’s Ferry). Service members’ letters to home would have held first-hand current news and personal points of view, but no strategic military detail because they were censored, just as the newspapers were.

Twenty-eight individuals, many of them born in Lyme between 1890 and 1900, are listed on Lyme’s World War I Monument (on the cover). Several other individuals, either born in Lyme or having other close associations with the town, are known to be included on the honor rolls of other towns where they enlisted. Their military service was with the National Army and American Expeditionary Force, the Connecticut National Guard and the U.S. Naval Reserve. Several Lyme residents offered their volunteer service, here in the U.S. and abroad, to organizations like the YMCA that provided hospitality and social support for troops in camps and with the Red Cross Ambulance and American Field (Ambulance) Service Corps in French combat zones.
Local organizations did their part as well. Lyme Grange meeting “Lecture Hour” included presentations on war-related topics by members. The Congregational Church Ladies Benevolent Society responded to appeals for bandages and warm personal clothing with their own handwork.

By the time of the Armistice between Germany and the U.S. in November 1918, the town of Lyme – its enlisted youth, families, organizations and town officials – had done their best to understand, serve and contribute patriotically to the United States’ commitment and significant role in World War I.

Respectfully submitted,
Carolyn Bacdayan, Lyme Town Historian
Fee Schedule

Sewage Disposal System Permits
(includes application, administration, and inspection requirements)

**Systems up to 1,999 gallon capacity:**
- New sewage system ....................................................... $150.00
- Repair ................................................................. $50.00

**Systems 2,000 gallon capacity or greater:**
- New sewage system......................... $10.00 per 100 gallon capacity or part thereof
- Repair ................................................................. $250.00

Engineer Plan Review for Sewage Disposal Systems
- Sewage system less than 2,000 gpd ...................................................... $100.00
- Sewage system 2,000-4,999 gpd ......................................................... $250.00
- Sewage system 5,000 gpd or greater ...................................................... $500.00

Well Permit ................................................................. $50.00

Septic/Water Review Letter
(Septic/water review letters provide for verification of inspection of sewage disposal system condition and water supply for government or corporate subsidized property purchase programs)
- Letter ................................................................. $50.00

Site Testing and Plan Review Subdivision
- Per lot ................................................................................. $150.00

Building Permits
- 1st $1,000 ................................................................. $15.00
- Each additional $1,000 (plus .26 per $1,000 state fee) ......................... $10.00
- Permit renewal ................................................................. $10.00
- Driveway bond for new driveways ....................................................... $1,000.00

Certificate of Occupancy ................................................................. $10.00

Planning Commission
- Subdivisions – minimum (plus $60.00 State fee) 1-4 lots ....................... $200.00
- Per lot – minimum per lot over 4 ....................................................... $50.00

ZBA Applications (Plus $60.00 State fee) ........................................... $200.00
- Zoning Application (Plus $60.00 State fee) ......................................... $25.00
- Coastal Area Management Site Plan (Plus $60.00 State fee) ............... $50.00
- Percolation Test ................................................................. $10.00
- Planning & Zoning Regulations ......................................................... $20.00
- Inland Wetlands Regulations .......................................................... $10.00
- Inland Wetlands Permits (Plus $60.00 State fee) ................................ fee varies
Appeals to the Zoning Board of Appeals may be made in accordance with instructions available from the Chairman of the Board, or from the Zoning Enforcement Officers. A public hearing will be scheduled in response to properly executed appeals, accompanied by a $260 fee ($200 town, $60 state). Appeals should be received no later than the third Thursday of the previous month.

Passport applications may be processed through the Old Saybrook Post Office, 36 Main Street, Old Saybrook.

All motor boats must be registered with the State of Connecticut. Connecticut Motor Vehicle Department offices process these registrations.

Dogs must be registered during the month of June with licenses to be effective July 1st. Fees are $8.00 for altered dogs and $19.00 for all unaltered dogs.

Transfer station stickers are available at the Town Hall and must be shown at the transfer station before entering.

Copies of Zoning and Subdivision Regulations and Inland Wetland Regulations are available at the Town Clerk’s office (see fee schedule).

To obtain a burning permit, you must fill out an application at the Town Hall. Permits are usually processed within 24 hours.

The Estuary Region Household Hazardous Waste Facility is located in Essex on Dump Road, Exit 4 off Route 9. It is open seasonally on selected Saturdays May through October from 9:00 AM – 1:00 PM rain or shine. This special chemical waste collection service is only for residents of the Connecticut River Estuary Region towns, which includes Lyme. There is no fee. Commercial waste is not accepted. For additional information contact CRERPA at (860)388-3497 or wwww.crerpa.org

### Lyme Transfer Station Pricing List

**Bulky Waste**

$20.00 per cubic yard. What is Bulky Waste? Anything that used to be buried in the landfill, such as construction and demo material, carpeting, plastic toys, wooden shelving, etc. Ask Attendant.

**Brush** - No bigger than 8” round and 8’ long

- Commercial Contractors (for brush)
  - Pickup or Trailer ............................................................... $10.00
  - Mason Dump ................................................................. $15.00
  - Stake Body ................................................................. $20.00
  - Bigger .............................................................................. $35.00

**Freon Items** .............................................................................. $10.00 each
(refrigerator, freezer, air conditioner, dehumidifier, water or wine cooler)

**Mattresses & Boxsprings**

- Clean ......................................................................................... no charge
- Wet/Dirty .............................................................................. $15.00 each

**Propane – bottles only**

- 1 lb. ......................................................................................... $1.00
- 20 lbs. ....................................................................................... $2.00

**Tires**

- Car Tires .................................................................................. $2.00 on rim $3.00
- Pickup Truck Tires ................................................................. $5.00 on rim $6.00

Check price list for large tires

**Upholstered Furniture** ................................................................. $15.00 each (chair, sofa, love seat)

The Board of Selectmen reserves the right to make changes, as may be in the best interest of the Town of Lyme and the operating of a Bulky Waste area.

The Planning and Zoning Commission is responsible for production, administration and enforcement of the Town’s plan of conservation and development, zoning regulations and subdivision regulations. There are a number of activities that require approval by the Commission before that activity can commence. An example is subdivision of land. In this example, Commission approval is a requirement of the Town’s subdivision regulations and Connecticut law. See Bernie Gigliotti for fee schedule.

Over the past several years there has been a great increase in land use activities that has required varied permits and approvals. Concurrent with reviews of these activities the Commission has been involved in producing an up to date Lyme Plan of Development, and amending its Zoning and Subdivision Regulations. These have to be in compliance with the Tidal Wetlands Act, the Inland Wetlands Act, the Federal Flood Hazard Act, the Coastal Management Act, revision to the Public Health code and mandates from the Connecticut River Gateway Commission.

The increased complexity of the approval process has placed a greater burden on the applicant. The Commission Agent, the Zoning Enforcement Agent is available for guidance in these matters.
We also purchased a new truck for our Publics Works crew and made the down payment on the next replacement fire engine to be delivered next year. This should complete the fire department’s upgrade of the fleet without the need for another large capital expense for approximately eight fiscal years.

This year also saw the first Lyme Volunteer Fair hosted jointly by the two political town committees and the town. These groups are attempting to make the town’s people more aware of the myriad of volunteer opportunities available in Lyme and the need for residents to get involved to preserve that character of the town we all have such pride in.

Most importantly, during the past year we lost to retirement our long serving First Selectman Ralph Eno. This year’s report is dedicated to Ralph and his many accomplishments. His office is not the same without Rosie’s presence and we invite you all to stop by and meet the new selectmen.

Respectfully submitted,
The Lyme Board of Selectmen

Meetings
(At Town Hall unless notified otherwise)
Board of Selectmen.................................1st & 3rd Monday of each month at 3:30 PM
Planning & Zoning Commission...............2nd Monday of each month at 7:30 PM
Conservation & Inland Wetlands Commission ....3rd Wednesday of each month at 7:00 PM
Zoning Board of Appeals.........................3rd Thursday of each month at 7:30 PM
Library Board (held at the library)............4th Wednesday of the month in January, March, May, and September and on the 1st Wednesday of the month in December. Meetings begin at 4:00 PM
Cemetery Commission.............................3rd Monday of each month at 7:00 PM
Rogers Lake Authority.............................2nd Wednesday of each month at 7:30 PM (held at Rogers Lake West Shores Clubhouse)
Regional District 18...............................1st Wednesday of each month at 6:30 PM (held in Board of Education Conference Room at Center School)
Open Space Committee............................4th Tuesday of each month at 7:00 PM
Recreation Commission............................3rd Tuesday of each month at 7:00 PM
Lyme’s Senior Center Board of Directors.....3rd Monday of each month at 2:00 PM (held at the Lyme’s Senior Center)

Selectmen’s Report

The fiscal year 2016/17 was a busy one and very successful. Our budget grew to $11 million and yet we were able return $373 thousand to the General Fund Balance through tight spending controls and higher than expected revenues. The budget process was able to hold the tax rate steady for next year despite pending reductions in municipal aid to the town.

During this past year, we completed the conversion of the landfill to a transfer station and capped the site. All collections will now need to be moved off-site as we can no longer bury materials. We also continued the eradication of weeds on Rogers Lake and the reports have been very good. Future efforts will be made to continue managing this situation.
**State and Town Officers**

**Fiscal Year July 1, 2016– June 30, 2017**

### Board of Finance

For the year ended June 30, 2017, the mil rate remained unchanged from the previous year, at 18.25. While this remains one of the lower mil rates in Connecticut, it has increased significantly (from 13.55), over the last five years. This steady mil rate climb is due largely to the decrease in grand list valuations (decrease in Lyme home values), reduced assistance from the state, and increased education costs along with Lyme’s portion of such. At this point, however, we feel these impacts have settled, and the goal of the Board of Finance is to prevent further mil rate increases in the foreseeable future.

The town’s audit report is available at town hall. The tax collection rate is very close to 100%, the auditor’s opinion is clean and the town is in strong financial condition.

Our budget process begins in mid-January. We meet at town hall, generally on Thursday nights at 6:30. The schedule is posted at town hall and the town’s website, and attendance and comments from town residents are welcomed.

Respectfully submitted,
Matthew Sharp, Chairman

---

Arleen C. Sharp, Parent Resource Supervisor

Oxen cart at the top of Lord Hill, Lord Creek Farm, Hamburg Road. Oxen remained important in Lyme for farming, wood hauling and house moving well into the 20th century.
Friends of Whalebone Cove

This has been a busy and productive year for FOWC in carrying out the work of protecting Whalebone Cove. Since its launch two years ago, FOWC has grown to 70 members and has a mailing list of more than 120 individuals and conservation groups interested in protecting the Cove.

This year FOWC took positive, tangible steps on the journey to protecting the Whalebone Cove Refuge.

Documenting Invasive & SAV Plants

First, FOWC sponsored a summer intern to identify and locate invasive aquatic surface plants on the Cove, and that survey is complete.

Second, FOWC assisted the Connecticut Audubon Society’s Estuary Center in its survey of submerged aquatic vegetation (SAV) in the Cove.

Going forward, we hope to continue to monitor invasive plant species and, in coordination with US Fish & Wildlife, to execute a plan to control and hopefully remove them. Under consideration is a proposal to conduct a survey of the invasive species on the land portion of the Refuge and the identification and location of any waste piles and to develop plans for the remediation of both for review by US Fish & Wildlife.

FOWC Questionnaire on Public Use

Third, we conducted a survey of Cove neighbors and FOWC members to ask their opinions on future public access and use of the USFWS Refuge property. The survey questionnaire had a high response rate (more than 50%), indicating an avid interest in the future public use of the Cove.

New Wildlife Refuge Signs

Finally, in October, FOWC placed two signs provided by US Fish & Wildlife at strategic locations adjacent to the channel in the Cove to encourage respectful behavior by boaters and others enjoying the Cove. We believe they have had a positive impact but will continue to monitor activity.

Again, as you can see, we have been and continue to be active in our long-term commitment to preserving and enhancing the value of the Whalebone Cove Refuge to all those who love it and will use it.

Summary Of The Budget
For The Year Ending June 30, 2018

**RESPECTIVELY SUBMITTED BY**

Respectively submitted by the Board of Finance, Town of Lyme, Matthew Sharp, Chairman, Katherine Wayland, Clerk. The audited financial report for the year ended June 30, 2016 is available at town hall.
Eightmile River Wild and Scenic Coordinating Committee

2018 will mark the tenth anniversary of Wild & Scenic designation. So as we reflect on the previous year’s accomplishments, we continue to look towards the future as we strengthen partnerships in the protection of the outstanding resources of the Eightmile River Watershed. A welcome surprise for 2017 has been an important boost in the federal funding allocated to the Eightmile River Wild & Scenic Watershed. The Committee currently has a small grant program with funds available for outreach and education programs and it will be expanding funding opportunities in larger increments for local organizations and municipalities for activities that address the watershed management recommendations.

The Eightmile River Wild & Scenic Coordinating Committee (ERWSCC) is comprised of representatives of the three core watershed towns (Lyme, East Haddam and Salem), the three local Land Trusts, Department of Energy and Environmental Protection, The Nature Conservancy and the National Park Service. ERWSCC, with help from a number of other community partners, has an impressive level of accomplishment to report. A few highlights below for the 2016-2017 year are noted below:

- **An Award:** The Goodwin Trail Committee, which is coordinated by ERWSCC, was honored to be presented the 2017 Excellence in Conservation Organization Award at the annual Land Conservation Council Conference, in recognition of the all the efforts to bring the trail to fruition. The Trail Committee also participated as a workshop presenter.

- **Mapping Stream Temperatures:** With the support of some very dedicated board members, ERWSCC successfully launched 10 stream temperature HOBO loggers in the watershed in the spring of 2017 as part of a cooperative project with the Department of Energy and Environmental Protection. The loggers take hourly temperature readings, giving us the range of stream temperature over a 24 hour period. The data is also used to figure out average summer temperatures and then classify and map stream segments as cold, cool or warm streams to focus habitat management efforts.

- **Ongoing Monitoring Efforts:** ERWSCC completed its fourths summer of monitoring baseline water quality data in 9 locations in the watershed, working with summer interns. Establishing baseline data is an important tool for future trend comparisons. Working with the Lyme Land Conservation Trust and the Department of Energy and Environmental Protection, ERWSCC continues to manage the underwater video system at Moulson Pond Fishway and provide financial support which allows the hiring of an individual who reviews the video feed and documents species counts. ERWSCC also continues to collaborate with Three Rivers Community College to conduct annual stream bioassessments for benthic macroinvertebrates, which are used to assess stream habitat health.

- **Outreach and Education:** RiverFest 2106 was a huge success and was a great opportunity for citizens to connect with community organizations to raise awareness in protecting local resources. Other ERWSCC programs in the 2016-2017 timeframe included a popular presentation by Mystic Aquarium entitled Amphibians as Ecological Indicators, a follow-up to the previous FrogWatch training program. ERWSCC was pleased to participate in the Lyme Elementary School Curiosity Shoppe Program doing a Bats, Bats, Bats presentation and have a Creepy-Crawly Touch Tank exhibit at Lyme Land Conservation Trust’s Family Day event. 2017 marked ERWSCC’s third year of free summer family programs at the Devil’s Hopyard State Park which included Fascinating World of Insects, Birding for All Ages and Living Waters.

- **Review of State Plans:** ERWSCC routinely reviews and comments on state proposals including Stream Flow Mapping, Drought Management and Integrated Water Planning efforts, among other plans. ERWSCC was successful in convincing the Department of Energy and Environmental Protection to include the full watershed (rather than just the Western Branch of the Eightmile River) as one of two watersheds in the state for Priority for Protection Planning efforts.

- **Preserved Lands Mapping:** Every two years ERWSCC conducts updated preserved lands mapping which helps focus efforts for conservation and recreational planning. The mapping is shared with each town and also the state. It is helpful to highlight developing greenways as land preservation progresses and previous mapping was a key catalyst for development of the Goodwin Trail.

We look forward to another year working with our local communities to protect the Outstanding Resource Values of the Eightmile River Watershed.

Patricia Young
Program Director

Lyme Garden Club

The Lyme Garden Club, a member of National Garden Club, Inc., New England Garden Clubs, Inc. and the Federated Garden Clubs of Connecticut, was established in 1930 as a non-profit organization for educational and charitable purposes. The Club Mission is to unite its members in an active personal interest in the cultivation of plants and to encourage and maintain the highest standards of excellence in conservation, civic improvement and all branches of horticulture.

To that end, in 2006 the Lyme Garden Club began a project to beautify our already scenic Highway 156 and other town properties with a yearly planting of daffodil bulbs. Each spring the blooms brighten sites along Hamburg Road, the Blood Street triangle, town cemeteries, the Town Campus and other town properties. Garden Club members also maintain town gardens at the Lyme Library, the Town Hall,
Lymewood and the Lyme Fire Company. In 2013 the club undertook a massive project to develop and refine landscape plans for the renovated Town Hall and the new Library. The landscaping was installed in 2014-2015 and is being monitored, weeded, watered and maintained. Herb gardens on either side of the new Lyme Library entrance were installed which acknowledges the original herb garden designed by Betty Cleghorn. At the town hall, entry gardens were established with varied plant interest throughout the seasons. In addition to the spring and fall clean-ups at these sites, members volunteer to weed and water these areas as needed from May to October. A “green” was created between the town hall and library and a meadow is being developed at the library. The meadow is still very much a work in progress. The grounds are being organically fertilized and treated which is environmentally safe for all.

In addition, to the horticulture work, members march in the July Fourth Cove Road Parade, decorate tables for the yearly Firemen’s Steak Dinner, create weekly displays for the library desk and fashion evergreen swags and wreaths to adorn town building and cemeteries at winter holiday time. Further, for the past six years, The Lyme Garden Club has supervised and judged the Flower Division of the Hamburg Fair.

Fundraising efforts at the Lyme Farm Market offer garden related items made by members, member plants, various flowering bulbs and birdseed combinations. The profits help fund not only civic beautification and our monthly programs, but also support state and local projects. This year The Lyme Garden Club sent donations to CT Agriculture Experimental Station, Lyme Farmers Market, Common Good Gardens, Harkness Memorial State Park Gardens, Lyme Fire Company, Inc., McCurdy-Salisbury Education Foundation and Lyme Veterans Group.

Monthly meetings, usually held on the second Tuesday of the month at the Lyme Fire Company Hamburg Station in the morning, offer programs on the environment, conservation, horticulture and related topics. Anyone with an interest in gardening and “digging in the dirt” is invited to attend our programs and become part of the membership. For more information about The Lyme Garden Club please contact Lori Cane at lori@caines.com or Marie Martin at rieriem44@gmail.com.

**Lyme Parks and Recreation**

For a small town Parks and Recreation program it is important for us to bring our community together by providing healthy, fun, and exciting programs and events. This couldn’t happen without all the dedicated members of our committee. We have added on a few new members to help create new events for our community to enjoy together. We are happy to welcome Bob Cope and Emily Reynolds. With young children, Emily will continue the connection to Lyme school and help spread information through social media. Bob, who also has a young family and a great connection through his wife Sue to the Land Trust is helping connect our committee to bring events and fun, family activities to our surrounding parks and trails.

Thank you to Heidi Schumacher and her girls, Bob Cope, Carmella Monte, the band Two for the Show, and the Town Grange for making the annual 4th of July picnic a continued success. There are several others I would like to acknowledge for their services: Don Bugbee, Linda Winzer, District 18, Trudy and Todd Burgess, Ralph Eno, Steve Mattson, and all the parents who volunteer to coach and assist. Without all of you these programs would not be possible. In addition we would like to thank the Lyme library. It has become a wonderful location for us to host programs and we are looking forward to seeing what new programs we can bring to community there.

As the needs and interests of families change, we would love to hear some ideas of what families are looking for these days. We now have a new Facebook page (Lyme Park and Recreation) and Instagram to help share our events and programs. We will also be posting a survey page to get some valuable feedback from our community. Please like our page and share any parks and rec activity photos you may have.

This year we held many successful programs like soccer, basketball, swimming, and art. The Old Lyme summer camp was a success again, giving the opportunity for the kids in both Lyme and Old Lyme to come together before they reach middle school. Summer swim lessons, soccer, and arts and crafts also had another successful year. Free Swim night at the East Lyme Aquatic Center continues to be a big hit, running the first and third Saturday’s of every month from 5:00 – 7:00 pm, November through April. We are currently working on adding more programs to involve adults this coming year and some community activities for families to enjoy together. Look for information about how you can get involved with things like an ice rink and a fat trail.

We would love to hear from anyone who may be interested in joining our committee or serve your community, as well as new ideas to build on the great programs we already have. To contact us the email address is (kristenthorton@aol.com). The address will provide a means of forwarding signup sheets, answering questions, and planning our programs in a more timely and efficient manner. Please like us on facebook to get updated information about activities and cancellations. Feel free to post ideas, photos from our activities, or any great information that might be of interest to our community. We are looking forward to the opportunities this service will provide. All new programs are also posted on the town website and District 18 community page for easy access. Thanks to all for being a part of another successful year with Lyme Park and Recreation. We are looking forward to an exciting new year with lots of community events and programs.

Sincerely,

Jason Thornton
Lyme Planning & Zoning Commission

The Lyme Planning and Zoning Commission met eleven of the twelve months of the 2016-2017 year concluding a light schedule overall. Two docks were approved along with various amendments to the applications. Successful completion of the Special Permit Process, which includes a Public Hearing, is required in the Town of Lyme before any dock may be constructed. During the open period of a public hearing, all interested parties are encouraged to attend and participate in the application review process. Two free split applications were approved with stipulations which allowed the estates of the owners to pass legal buildable lots on to heirs. One application was approved to allow the demolition and reconstruction of a new house within the Gateway Zone on the inner Hamburg Cove. Finally, the commission initiated two enforcement actions to correct illegal cutting of vegetation within the 100’ setback from tidal wetlands. It is important for Lyme Residents to remember that State and Local regulations severely limit the cutting of vegetation and other activities that can take place near watercourses in the Town of Lyme. If you have questions simply contact the Zoning Enforcement Officer at the Lyme Town Hall for a quick overview of the regulations.

Planning and Zoning Meetings are generally held the second Monday of each month at 7:30 in the Lyme Town Hall Conference room. Meetings are all noticed to the public in compliance with Connecticut State Statutes.

Respectfully submitted,
David Tiffany, Chairman

Open Space Preservation, Management and Maintenance

The Open Space Committee is an appointed Town advisory board that aspires to identify and evaluate open space acquisition opportunities throughout the Town and make recommendations to the Board of Selectmen. The Town’s existing open spaces are managed and maintained by the Open Space Coordinator, a part time Town position that was established in 2005. The Open Space coordinator regularly attends Open Space Committee meetings. Both entities coordinate their activities through the Board of Selectmen.

Open Space Committee

The Lyme Plan of Conservation and Development (revised every ten years) is used to guide the Committee. The last Plan of Conservation and Development survey was conducted town-wide in 2014 and was approved in November 2015. The report can be viewed on the Town of Lyme website. This plan establishes the ecological, aesthetic, cultural and recreational values that the residents of Lyme have identified as being important to the protection of the town’s conservation identity. Certain characteristics such as size, location, ecological or cultural significance, natural features, (scenic vistas,
geology etc.) suitability for multiple use (such as the ability to accommodate an affordable housing lot) and recreational potential are considered when the Open Space Committee evaluates the desirability of a parcel. The committee will explore all possible avenues for partnership in funding the acquisition of a desirable property. When the Committee determines that an initiative to purchase or otherwise protect a property is properly structured, feasible and in the best interests of the Town, it works as an advocate to bring the initiative before the Town’s leadership and ultimately to you, to vote on at a Town Meeting.

The Town’s Open Space Reserve Fund was established to provide for open space purchases. Its balance at the end of the fiscal year 2016-2017 can be found in the Treasurer’s Report. Annual budgeted contributions from the Town build up this fund, so that it will be of a size to make a purchase, or help with a purchase, should the need arise.

Discussion continued concerning plans for Selden Landing, a 2.5 acres Town property on Selden Road with CT River access via Selden Cove. The property is open to the public for access to a lovely view of the cove. Further development is required to provide a driveway to the cove edge and to create a structure to aid in small craft launching capabilities.

This year, the open space committee brought forward the opportunity for the town to acquire the 250-acre Johnston property on Rte. 82, which straddles three watersheds including the western portion of the Eightmile River watershed. The Town of Lyme Plan of Conservation and Development identified this parcel as a priority for protection in 2001. Community conservation leaders have worked for decades to make sure that when the Johnston’s were ready to sell the property they would consider conservation before subdivision. (The parcel contains approximately 2700 feet of road frontage; Lyme zoning requires 50 feet of road frontage to create a developable lot.) In Lyme, the Johnston property is a puzzle piece that abuts numerous open space parcels that form a block of over 1700 acres running from river to ridgetop on the west side of the Eightmile River watershed. The southern side of the property abuts the Pleasant Valley Preserve and the Jewett Preserve. Existing trails could easily be expanded to include the Johnston Property to create an impressive network of trails. The property connects thousands of acres of open space in Lyme, East Haddam and Salem, and the Eightmile River watershed creating a valuable corridor for wildlife. The property also includes Lyme’s highest point at 465 feet.

With the financial support of the Lyme Land Trust, the Town of Lyme has applied for a grant from the Connecticut State Department of Energy and Environmental Protection’s Open Space and Watershed Land Acquisition Grant Program. The grant could potentially fund up to 60% of the purchase price of $1,450,000.00. The Nature Conservancy has pledged to pay $25,000. During the town meeting on May 18, 2017, the citizens of Lyme voted to use money in the Open Space Reserve Fund towards the purchase price.

Members of the Committee this year were: Paul Armond, Barbara David, Anthony Irving, George Lombardino, Parker Lord, Steve Mattson, and Lucious Stark. Open Space Coordinator Wendolyn Hill and Eightmile River Steward of the Nature Conservancy, Liz Robinson, regularly attended meetings. When business required it, the committee met monthly on the last Tuesday of the month at 7PM at the Town Hall.

George Lombardino was appointed as the representative of the Lyme Land Trust to replace Lisa Niccolai.

Open Space Coordinator

Wendolyn Hill is the Town’s Open Space Coordinator, who is responsible for ensuring that the town-owned preserves and open space are protected, maintained, and managed in close cooperation with the Town of Lyme Open Space Committee, the Lyme Land Conservation Trust (LLCT) and other conservation groups.

From July 2016 through June 2017 the Open Space Coordinator focused on managing and maintaining the town of Lyme’s Open Space, including leading walks on the town-wide properties and educating the public about ecological issues, documentation, keeping maps up-to-date and available, maintaining trails and signage, and managing invasive plant species. In addition, the Coordinator continued to administer the hunting program for both the Town of Lyme and LLCT. A new town-wide map showing all the trails of Lyme was created.

Hunting Program

The Town of Lyme and the Lyme Land Conservation Trust have developed a systematic and consistent process for granting consent for hunting on selected Town and LLCT properties. The hunting program was fully subscribed for all the available properties and seasons. Hunters received consent to hunt deer with bow, rifle, or muzzleloader; and to hunt turkey and goose with bow or shotgun.

Open Space Management / Maintenance

Volunteers, who often participate in regular work parties, provided much needed and appreciated support for the Open Space management and maintenance of Lyme’s Open Space.

Czikowsky Hill Preserve

This 96-acre Preserve was obtained in March 2010. It is co-owned by the Town of Lyme and TNC and is further protected by a Conservation Restriction held by the LLCT. Pedestrian access that does not result in noticeable human disturbance is allowed; hence the Preserve has no trails or parking area. The upper and lower field were mowed to maintain the meadow habitat for bluebirds and other wildlife, and to keep invasive plant species under control.

Hartman Park and the Philip E. Young Memorial Preserve

The maps of these preserves are combined as the Lyme Corner Trails. John and Kelly Bill Hartman donated the 302-acre Hartman Park, located on the east side of Gungy Road, to the town of Lyme in 1988. Ruth Young donated the 82-acre Philip E. Young Preserve in memory of her son Philip to the town of Lyme in June 2012. The field in the northern area of Hartman Park is mowed annually to maintain the meadow habitat for bluebirds and other wildlife, and to keep invasive plant species under control.
Lyme Public Hall Association and Lyme Historical Archives

The Lyme Public Hall Association is committed to preserving and promoting Lyme’s history, culture, and community. Located in the heart of Hamburg on Route 156, the historic Hall has become a center of community activity through its offering of a variety of programs.

Housed in the Lyme Public Library is the Lyme Local History Archives, a safe climate-controlled repository for treasured historic paper materials donated by town residents. The Local History Archives continues to thrive under the capable stewardship of volunteer archivist and town historian Carolyn Bacdayan, and she responds to visits and inquiries from hundreds of people each year. The Archives are open Tuesdays 2 – 5 pm, Thursdays 10 am – 1 pm, or by appointment. For more information, to donate items or to volunteer, call Carolyn Bacdayan at 860 598-9760.

A variety of programs were offered in 2017. An Earth Day talk on Connecticut birds was a popular offering. To celebrate the centenary of the U.S. entry into World War I, speakers presented information on the roles of women doctors from Connecticut and stories from newspapers around the state. The annual Open House of the Lyme Local History Archives also focused on photos, letters, and other documents from this wartime period.

The annual meeting of the Lyme Public Hall is held the second Thursday in June. Everyone is invited to attend the community potluck supper and the presentation that follows. In 2017, the annual meeting program featured Jim Beers’ presentation on the “Cherub Carvers” of headstones in Lyme’s cemeteries. Other annual events included the town wide Spring Clean-Sweep on Earth Day weekend, the Annual Tag Sale fundraiser in August, and the popular Chowder Dinner in November.

The Lyme Public Hall is available to rent for meetings and events by organizations or private individuals. The Association is run entirely by volunteers and depends solely upon member’s dues, donations, and the Hall’s fundraisers to maintain the building and to carry on its activities. New members are always welcome. If you are interested in joining or volunteering in any way, please call (860) 434-1929 or visit our website at www.lymepublichall.org.

Hundreds of hours of volunteer time are donated to the Hall and the greater community each year by the Board of Directors and Association members. Officers and Directors for 2016-2017 were: William Denow (President), Leslie Lewis (Vice-President), Bethany Clark (Secretary), Jerry Ehlen (Treasurer); Kathy Tisdale, George House, Lisa McCarthy, Judy Archer, Bill Archer, Doris Rand, Jim Beers, and Richard Jones.

Respectfully submitted,
Leslie Lewis, Vice-President

Jewett Preserve
This 434-acre preserve was created in October 2004. This Preserve is owned and managed jointly by the Town and TNC under a Management Plan. Tom Bischoff, under contract with the Town and TNC, mowed the field in the Preserve, continuing to reduce the number of autumn olive and other invasive shrubs. There is ongoing work to control invasives on the property.

Mt. Archer Woods/Eno Preserve
Mt. Archer Woods is a 275-acre Town-owned property. The Lyme Land Conservation Trust owns the abutting hundred-acre Chauncey Eno Preserve. Brantley Buerger is the volunteer steward of Mt Archer Woods. He contributes many hours to keeping the parking area clean, and keeping the trails maintained and cleared of downed trees.

Selden Landing
The field on this 2.5-acre parcel is maintained as a meadow and is mowed annually by Tom Bischoff.

Maps of the Lyme Corner Trails, Jewett, Mt Archer Woods, as well as other trails in Lyme are available at the Lyme Town Hall, the Lyme Public Library, and at www.lymelandtrust.org.

Respectfully submitted,
Barbara David, Open Space Committee
Wendolyn B. Hill, Open Space Coordinator

Lyons Preserve
This 434-acre preserve was created in October 2004. This Preserve is owned and managed jointly by the Town and TNC under a Management Plan. Tom Bischoff, under contract with the Town and TNC, mowed the field in the Preserve, continuing to reduce the number of autumn olive and other invasive shrubs. There is ongoing work to control invasives on the property.

Lyme Cemetery Commission

Lyme cemetery activity in the year of Fiscal 2017 was highlighted again by the dedicated work of Parker Lord and his hardy volunteers in the “Ancient” (over 100 years old) cemeteries, rehabilitating—in some cases resurrecting—deteriorated/damaged memorial headstones and flush memorials, walls and fences, and hosting volunteer work parties. Congratulations are also due for the various cemetery “Stewards” each of whom oversees the condition and maintenance of their cemetery.

Once again we wish to reiterate with the importance of having the full spectrum of cemetery information available online, available in lieu of, or in preparation for, a visit or phone call. Information for Visitors to Lyme Cemeteries on the Town Cemeteries website has been updated to September 1, 2017, with a new editable format, and some revisions and added material. Section V, Eight Mile River Cemetery Rules & Regulations will be added in due course.

The monumental Archives Excel spreadsheet of headstone information provides an online list of every recorded gravesite in the Town of Lyme. The linkage of this material for access through the Town of Lyme website constitutes a one-stop long-range source of a huge amount of cemetery detail, history, customs, regulation, and procedure. It offers to all those who inquire about a deceased relative “supposed to be buried in some cemetery in Lyme” the opportunity to confirm from afar not only whether such relative is indeed buried in one of the 27 cemeteries in the current Town of Lyme, but also—just as important—whether he/she is buried in one of the many additional cemeteries in portions of the adjacent towns of East Haddam, Salem, East Lyme, and Old Lyme, which prior to 1855 were included in the much larger area of the original Town of Lyme established in 1667.

Section IV of the website Items for Consideration by Persons Contemplating Purchasing Burial Plots at Eight Mile River Cemetery contains a great amount of information intended to enable prospective parties to avoid inefficiencies and misunderstandings that have arisen in the past.

Access routes:

(a) for general information: townlyme.org → “Town Departments” → “Cemeteries of Lyme” → “link” → “Information for Visitors” / Section IV “Items for Consideration by Persons Contemplating Purchasing a Burial Plot at Eight Mile River Cemetery”

(b) for direct access to Archives Excel spreadsheets: lymepublichall.org → “Lyme Local Historical Archives” → “Headstones and Cemeteries”.

All are reminded that Eight Mile River Cemetery (Lyme’s only active cemetery) may be closed when snow/ice conditions warrant, to prevent damage to headstones and shrubbery from “blind” intrusion and attempted plowing, and avoid liability exposure for injuries due to treacherous footing.

Ongoing praise to Jim Beers, Tom Davies, Bruce Stark, and Jim Leatherbee for their continuing hard work placing and maintaining flags at Veterans’ graves throughout the town.

The extra effort to adjust the holders to display the flags at uniform height has already drawn compliments. Henceforth, the flags will be removed in early winter each year. Among the new flag holders are those distinguishing Revolutionary War, War of 1812, and Civil War veterans.

In Fiscal 2017 at Eight Mile River Cemetery there were 3 plots sold, and 13 interments. The current price of a standard burial plot is $600, cremains plot $300 — well below the area norm. Paper copies of the Rules & Regulations are available at the kiosk in the cemetery, and the Town Clerk’s Office. Contact the Chairman at 860 434-1564 or the Co-Chairman at 860 434-4311 for further information.

The current Cemetery Commission members are Diana Boehning, Tom Davies, Ann Evans, Kim Kanabis, Tina Kozlowski, Gordon Krusen (Co-Chairman), Christine Plikus, Bruce Stark, and Marilyn Warren (Co-Chairman & Secretary)

Respectfully submitted,

Gordon Krusen, Co-Chairman

Connecticut River Gateway Commission

The Lower Connecticut River Valley was recognized by the Connecticut General Assembly in 1973 as one of the State’s most important natural, recreational and scenic areas. In 1974, the Commission was established and became operational with membership from eight towns, two regional agencies and the Connecticut Department of Environmental Protection.

The Gateway Conservation Zone is 30 miles long and includes portions of its eight member towns (Chester, Deep River, East Haddam, Essex, Haddam, Lyme, Old Lyme and Old Saybrook, including the Borough of Fenwick) within view of the river. The Nature Conservancy has designated the lower Connecticut River as one of its “Last Great Places”; the river’s tidelands were recognized as an “internationally significant” habitat for waterfowl under the terms of the international Ramsar Convention; the Secretary of the U.S. Department of Interior has recognized the Lower Connecticut River Valley as “one of the most important ecological landscapes” in the United States; and in 1999, the River was designated as one of 14 American Heritage Rivers by the President of the United States.

The Gateway Commission concentrates most of its attention on the protection of the valley’s scenic qualities. Since its inception, the Commission has worked with others to acquire over 1,100 acres of land through purchase or donation of scenic easements, development rights and fee simple titles. The Commission continues to work on preserving land through acquisition with partners and is currently working on such preservation in the Haddam Neck area of the Gateway Conservation Zone. One such acquisition has resulted in the establishment of the 50-acre Brainerd Quarry Preserve in Haddam Neck which was purchased in partnership with the Middlesex County Land Trust.

The Commission is also empowered to adopt common zoning standards for height, setback and lot coverage, which member towns adopt and enforce within the Gateway Conservation Zone. An updated set of standards is set for adoption by the end of 2017. The Commission reviews and acts on zone changes, regulations changes and variance applications affecting land within the Conservation Zone referred to it by local boards and commissions. No zone change or change in regulations affecting land within the Conservation Zone can become effective without the Commission’s approval.

Members as of June 30, 2016 include: Margaret Wilson and Erroll Horner of Chester; Nancy Fischbach and Kate Cotton of Deep River; Harvey Thomas and Crary Brownell of East Haddam; Claire Matthews and Jerri MacMillan of Essex; Susan R. Bement of Haddam, J. Melvin Woody and Wendy Hill of Lyme; Peter Cable and Suzanne Thompson of Old Lyme; Madeline Fish and Belinda Ahern of Old Saybrook; Raul de Brigard of RiverCOG; and David Blatt of the Connecticut DEEP (Commissioner’s Representative). Fenwick Borough has been designated an ad hoc member and is represented by Borough Warden Fran Adams.

For more information, contact River COG Senior Planner and Gateway staff J. H. Torrance Downes at (860) 581-8554 or attdownes@rivercog.org. Contact information can also be found on the web at: www.ctrivergateway.org.

Municipal Agent for the Elderly

The role of the Municipal Agent for the Elderly is to disseminate information to elderly persons and assist them in learning about the community resources available to them. Listed below are the agencies and phone numbers most often requested by senior citizens in Lyme:

INFOLINE (dial 211) This is a telephone information, referral, advocacy, and crisis helpline. INFOLINE is free, confidential, and available 24 hours a day every day.

CTHelpNet.org (www.CTHelpNet.org) There are numerous state agencies, federal agencies and private organizations that provide information on elder care for Connecticut’s senior citizens. Trying to find the appropriate agency or organization for a particular need may at times be difficult. CTHelpNet.org was created to help you navigate through the maze of information on elder care. In the table of contents you will find elder care services that may be of interest to you. If you click on a particular item, you will be guided to a resource that may help you. CTHelpNet.org continually monitors the elder care field and updates the website as needed.

Interim Healthcare (860-434-9003) Visiting nursing service is provided to the Town of Lyme by Interim Healthcare. A nurse from Interim Healthcare is at the Lymes’ Senior Center every Friday from 12:00 PM – 1:00 PM for Lyme residents.

Estuary Council of Senior Clubs (860-388-1611) www.ecsenior.org Call for the following services: meal site reservations, homebound meal delivery, claims filing assistance, identification cards, information and referral, regular transportation to medical appointments and dial-a-ride to other community destinations.

Senior Resources (formerly Eastern CT Area Agency on Aging) (860-887-3561) www.seniorresourcesec.org Offers the CHOICES Program which provides older adults with health insurance counseling, information and referral to senior services, and eligibility screening for general state and federal benefits programs.

Thames Valley Council for Community Action (TVCCA) – Energy Assistance (860-889-1365) www.tvcca.org Administers the Connecticut Energy Assistance Program (CEAP), the State Appropriated Fuel Assistance (SAFA) Program, and Contingency Heating Assistance Program (CHAP) to help low income households pay their heating bills.

Lymes’ Senior Center (860-434-4127) Lunchtime meal site, programs such as exercise, Tai Chi, computer instruction, card playing, pool table, creative writing, bingo, art lessons, jigsaw puzzle corner, outdoor lawn games.

Lymewood (860-434-2120) Elderly housing.

Department of Social Services Elderly Services Division: Referral Line (1-800-218-6631) www.ct.gov or call DSS Middletown office (860-704-3100) Services include Alzheimer’s Programs, Medicare Assignment Program (ConnMAP), Conservator of Estate Program, Conservator of Person Program, ElderCare Locator Service, Information and Referral, Nursing Home Ombudsman Office, Prescription Drug Assistance (ConnPACE), Medicare Savings Programs (QMB, SLMB, ALMB).
Connecticut Legal Services, Inc. (860-456-1761) Provides free legal services to seniors with great social and/or economic need.

Grandparents as Parents Support Program (GAPS) (860-887-3561) The DSS Elderly Services Division has developed a network of over 120 agencies, individuals and organizations that are providing service or assistance to grandparents and relatives who have taken on the responsibility of parenting.

Protective Services (1-888-385-4225 or 860-704-3046) If you suspect or believe that an elderly person age 60 or older is a victim of abuse, neglect (including self-neglect) or exploitation, contact Protective Services.

Connecticut Pharmaceutical Assistance Contract to the Elderly Programs (ConnPACE) (1-800-423-5026) The Department of Social Services operates the ConnPACE program, which pays the cost of prescription drugs, after a $12 co-pay per prescription for people 65 and older. Effective January 1, 2008, incomes must be under $23,700 for single persons, or under $31,900 for married couples. Applications are available at the Lyme Town Hall or online at www.connpace.com.

SNAP (Supplemental Nutrition Assistance Program) 1-866-974-SNAP www.ct-foodstamps.org This is the former Food Stamp Program. Beginning July 1, 2009, eligibility requirements change making it easier to obtain Food Stamp assistance. The website includes a SNAP Benefit Online Calculator to help you determine if you are eligible, or call the number listed for assistance.

State Elderly Tax Relief Program The basic qualifications for this program are that you own the property for which the credit is sought and be at least 65 years of age by the end of the calendar year. Qualifying income for the 2007 Grand List was $29,800 single and $36,500 married. All income statements must be provided. Application may be made between February 1st and May 15th. Contact the Assessor’s office with any questions (860-434-8092).

Lyme Elderly Tax Relief Program The basic qualifications for this program are that it be your principal residence and you have five years of residency as of the first day of October prior to the filing period. Applicants must be 65 years of age by October 1st. Qualifying income may not exceed $40,000 if single or $47,500 if married/civil union. No taxes due to the Town of Lyme may be in arrears. Application may be made between February 1st and May 15th. Contact the Assessor’s office with any questions (860-434-8092).

Heat Advisory Information The State of Connecticut has recommended that local municipalities establish Cooling Centers for vulnerable residents when heat advisories are issued. The location of the Cooling Center for affected Lyme residents is the Lyme’s Senior Center, 26 Townwoods Road, Old Lyme. Should a heat advisory be issued, elderly residents are urged to check the following for announcements regarding opening of the local Cooling Center: WFSB-3, WTNH-8, WVIT-30 television; lymeline.com; Comcast Public Access Channel 14; Municipal Website. When in operation during heat advisories, the Cooling Center will be open until 8:00 PM. Contact the Lymes’ Senior Center (860-434-4127) or the town hall (434-7733) with questions.

As your Municipal Agent for the Elderly, I am available to hear your questions, comments, concerns, or ideas. Feel free to call me during regular business hours at 860-434-1920 and I will be happy to assist you.

Respectfully Submitted,
Kathy Tisdale, Municipal Agent for the Elderly, Lyme
Hadlyme Ferry Historic District Commission

The mission of the Hadlyme Ferry Historic District Commission is to preserve and protect the historic architectural character and the rural cultural landscape within the Historic District. The goals of the Commission are to foster preservation, restoration and renovation; to relate new buildings to existing ones in an appropriate manner; to prevent compromise of the historic composition of the area; to maintain the rural character of the area; to maintain and enhance what is historic and significant; to encourage excellence in design; and to maintain the desirability of historic houses as homes for today.

The commission’s handbook includes the history of Hadlyme, the mission, goals and duties of the Commission, design guidelines, rules and procedures, and an application for a Certificate of Appropriateness, which is also available on the Town’s website. There is no fee to apply, but an application is necessary for any exterior work, other than painting, done in the District.

There was one application during this reporting period, which was approved.

Respectfully Submitted,
Lisa Holmes
Clerk, and local CLG contact

Lyme Ambulance Association, Inc.

The mission of the Lyme Ambulance Association (LAA) is to assist in sustaining and improving the overall wellness of Lyme residents. Still going strong after 41 years, our dedicated volunteers continue to serve the community primarily through our ambulance services, but also through dissemination of information designed to reduce the call for emergency services. Our two ambulances and a crew of state-certified volunteer responders are on call 24/7.

Over the past year (July 2016 – June 2017), our volunteers and ambulances answered 202 emergency ambulance calls. Our responses covered 25 motor vehicle accidents, 29 fall-related incidents and 20 mutual aid calls for assistance in East Haddam; we also provided rehab to firefighters on fire scenes. Additionally, as in past years, our crews staffed local events including the First Aid booth at the Hamburg Fair in August, where we offered free glucose testing and blood pressure screenings. We also provided stand-by medical support for the Lyme Land Trust’s “Tour de Lyme” bicycle rally as well as for a Hunters’ Pace event at Lord Creek Farm.

Our web site, www.lymeambulance.org, continues to provide useful information such as briefing for potential volunteers, health & safety tips, and announcements of upcoming events. Our popular class, “Hands-On CPR for Friends and Family”, was offered several times and benefited 25 attendees. It can’t be stressed enough how important this life-saving technique is for survival, if started within the first couple of minutes. We also held our second annual Square Dance and BBQ, where young and old alike shared a great time (special thanks to Dianne Embree and her committee for initiating this event!). We appreciate the generous support and recognition shown through donations and attendance.

We thank all who were able to donate to our organization this past year. The Lyme Ambulance Association is an independent, self-supporting, non-profit organization distinct and separate from the Lyme Fire Company and the Lyme town government. Without support from the community we would not be able to cover the rising costs of ambulance maintenance, insurance, supplies, crew equipment and training.

The success of Lyme Ambulance can be attributed to our volunteers, who exemplify the community vision and volunteer spirit unique to Lyme’s small town quality of life. Please consider volunteering! In addition to community support through donations, we are always in need of more emergency responders, especially folks available for daytime response when we receive 60% of our calls. Recruitment and training are available year-round for medical technicians (EMT, EMR), drivers and support staff. We invite anyone interested to attend one of our monthly Operations meetings (Sept-June, second Sunday of the month, 6:00 pm at Hamburg Station). For more information, please call Ed Vidou at 860-575-8025, or call Chief Tom Darna at 860-434-7042.

An important note: if someone in your household needs special assistance in case of an emergency situation (hurricane, winter storm), please register that information with the Town Hall by completing the form found at the back of this booklet.

The Estuary Transit District (ETD) was formed in 1981 by the nine towns of the Connecticut River Estuary region. The nine towns include Clinton, Chester, Deep River, Essex, Killingworth, Lyme, Old Lyme, Old Saybrook, and Westbrook. ETD’s mission is to provide local, coordinated public transportation for all residents of the area. To meet this goal, ETD operates public transit under the name 9 Town Transit (9TT).

The Estuary Transit District is governed by a board of directors. Each member town appoints one representative who serves in a voluntary capacity to adopt policy, set budgets and conduct long term planning for the district. Regular board meetings are held on the third Friday of every other month at 9:30 A.M. at the Estuary Transit District. All meetings are open to the public.

9TT’s four deviated fixed routes serve the main corridors of the region and provide connections to public transit providers serving the surrounding regions. In addition, 9TT provides door-to-door service throughout all nine towns of the Estuary region as well as the towns of Durham, East Haddam, and Haddam through its Dial-A-Ride service. All 9TT services are open to all persons with no age or disability restrictions.

9TT’s services are subsidized by federal, state and local funding. This allows for inexpensive fares of $1.75 for deviated fixed routes and $3.50 for Dial-A-Ride. 9TT also receives a Title III grant through the area agency on aging which allows area senior citizens to ride any ETD service on a donation basis in lieu of the fare. More than 100,000 passenger trips were provided during the fiscal year, more than doubling the annual trips provided just seven years ago. Though 9TT has continued to grow senior ridership, 80% of all trips are made by persons below 60 years of age, and over half of all trips are employment related.

9TT saw a decrease in funding from the state of 2% in the fiscal year. This reduction will impact levels of service provided. 9TT was also notified that it was successful in obtaining funding for new fixed-route service between Madison and Middletown. The service will begin in the 2017-2018 fiscal year.

The district was able to conduct a needs assessment and site selection for a new operating and maintenance facility for the district. This is the first step in obtaining a permanent facility after over 35 years of service to the shoreline community.

9TT’s successfully transitioned from rural to urban funding from the Federal Transit Administration. This has resulted in significantly more administrative responsibilities along with the largest one year capital allocation in the district’s history. This new funding source will provide continued access to capital projects that were not previously possible.
Dear Lyme Neighbor,

The Lyme Fire Company continues to serve our community with an all-volunteer group of responders and administrative personnel. Our top priorities as we look to the next year and beyond is to continue to recruit new members and work in collaboration with the Town of Lyme in managing our fiscal needs effectively while also looking for new forms of funding through grants and increased donations. The Lyme Fire Company Inc. is a not-for-profit 501c3 organization and your donations are tax deductible. We also encourage targeted donations where a member of the community can meet the firefighters in person and understand the importance of the donated funds and how it might be used for critical equipment or essential training. In the past, a donation from a member of our community paid for our “Jaws of Life”, the essential rescue tool for rescuing people in motor vehicle accidents.

This year the Engine 2 (formerly Y-21) truck committee responsible for purchasing a new Class A engine, is overseeing the final details and production of our new fire truck. We anticipate final delivery and acceptance in February 2018. This new fire apparatus will allow us to retire our 1989 Middlesex/International engine, currently located in the Hadlyme fire station.

In our continued effort of having properly trained first responders, we have had many members take classes such as Fire Fighter 1, and will be graduating a class of eleven Emergency Medical Responders (EMR), continuing advanced training at the National Fire Academy in Emmitsburg, MD, Fire Cadet training at the Connecticut Fire Academy and other essential courses that provide important skills. The Fire Company has internally funded these programs and is looking to also solicit targeted donations to support essential Firefighter training that has seen a significant increase in costs due to new requirements and reduced State funding.

On behalf of the Fire Chief, officers and members of the Lyme Fire Company and Auxiliary, thank you for your continued support and generosity. We wish you a prosperous and safe 2018 and please practice fire safety at home by making sure your smoke or fire alarm has fresh batteries or is serviced annually. Also, if possible, please make sure your house number is clearly marked making it easier and faster for our town’s first responders to be able to come to your aid.

Respectfully submitted,
Pete Adams, Foreman, Lyme Fire Company, Inc.
foreman@lymefireco.org
Volunteer Opportunities

Lyme is what it is due in large part to the countless volunteers who give countless hours doing what needs to be done. With the size of our town being what it is, there are not many paid programs or services. Much of what we have and benefit from is a direct result of the kindness and generosity of others. Listed below, in no particular order, are some of the volunteer opportunities available to all. If you participate in a volunteer organization that is not listed here, my apologies in advance for the omission. Please let me know and the group will be included in next year’s list. Whether you are a long time volunteer, a first timer, or new resident looking for a way to get to know your neighbors, take a moment to look over this list. Perhaps there is something that interests you, a group or organization that might benefit from a skill or gift that you possess. If you have difficulty in locating a contact person or phone number for any group, let me know and I will do my best to put you in touch with them. And while you’re reading, please take another moment to pause and reflect on the various organizations and the many, many people who make them work. They deserve our gratitude and heartfelt thanks for helping to make Lyme the kind of community we are proud to call home.

Respectfully submitted,
Kathy Tisdale

Board of Assessors

October is the assessment date throughout Connecticut. Lyme’s town Tax Code for all registered motor vehicles 075.

Filing Periods:

January 31 - Deadline for filing application for blind exemption.
February 1 - Filing period begins for Elderly & Totally Disabled Homeowners, and Additional Veteran Exemption (Income limit applies).
February 28 - Disabled Veterans must submit statement from V.A. showing disability rating of 10% or more annually for exemption. Not required if applicant is 65 or 100% permanently disabled, and V.A. statement previously filed.
May 15 - Deadline for filing Elderly and totally Disabled Owners application.
Filing period begins for Elderly Renters Program (Income Limit Applies).
September 15 - Deadline for filing Elderly Renters Program.
September 30 - Veterans claiming exemption for first time must file DD214 (Honorable Discharge) with Town Clerk.
October 1 - Deadline for filing Additional Veterans Exemption Application (Income limit applies).
October 31 - Filing Deadline for Exemption on Farm Machinery, Horses, or Ponies used exclusively in farm operation (Sec 14-1): Income / Expense Limit applicable.
November 1 - Open Space Classification filing deadline.
Filing deadline for Personal Property Declaration on all unregistered motor vehicles, machinery, farming/mechanic tools, horses, ponies, asses (not used in farming), commercial furniture/fixtures/equipment, farm machinery, leased equipment, and all other tangible goods. Failure to file will result in a 25% penalty.
Filing deadline for Application for Tax Exempt Status for charitable and certain other organizations (quadrennial filing).
December 31 - Filing deadline for Application of Motor Vehicle Exemption for serviceperson stationed out of state.

Please note that any appeals of assessment must be made in writing to the Board of Assessment Appeals by February 20th.

The State of Connecticut mandates that each Town conduct a revaluation of all real property every five years, and that the Town complete a physical revaluation of all real property every ten years. Since we went through a statistical “reval” five years ago, it is now time for Lyme to again go through the process of a physical revaluation in 2018. We have hired a firm, Vision Appraisal Technology, to assist in this process.
That firm is given information on property changes derived from building permits issued at Town Hall. With that and other information about market conditions in hand, Vision then prepares preliminary, revised appraisals of all the property in Town.

Since the State of Connecticut requires that the revaluations be reviewed by a total of three parties, the Town also hires an independent appraisal consultant. That consultant will work with Vision Appraisal technology and the Town Assessor to “fine tune” the assessments based on specific local factors which might affect value - such as, any unique characteristic of a development or portion of the Town.

A great effort is made to assure that all appraisals are done fairly and accurately during the cost / market study, after which all property owners are notified of any changes in their assessment. Along with the new assessment figures, the taxpayers are also provided with information on whom to contact should there be any questions about those assessments.

Finally, as always, I want to thank Debra Yeomans for her courteous and diligent work throughout the year in the assessor’s office. The Assessor’s Office is open 9 to Noon, and 12:30 to 4:00, and is closed on Thursdays.

Respectfully submitted;
Frederick J. Platt 111, chairman
Debra Yeomans
Madeleine Mattson

Cable Advisory Council

The Lyme/Old Lyme Area Cable Advisory Council meets quarterly and represents Lyme, Old Lyme, East Haddam, Haddam Neck and Salem.

Since 2010 the Council has awarded 19 scholarships to graduating seniors from member towns planning to enter a communications program or a communications related field after high school graduation.

Scholarship awards were presented in June 2017 to Olivia Schumacher and Natalie Rugg, both Lyme-Old Lyme High School graduates and Hannah Belleville from Salem, an East Lyme High School graduate. This year we also extended eligibility to former recipients and presented a scholarship to 2016 winner, Allison Marsh, as well. Congratulations to all!

Programs at the Lymes’ Senior Center, recorded using equipment purchased through a 2015-16 Cable Advisory Council grant, began airing on Comcast Public Access Channel 14 this year. We awarded a similar grant to the OL-PGN Library this year and look forward to seeing library programs begin airing on the Public Access Channel soon.

The Comcast Public Access Studio on Halls Road in Old Lyme is available for use by individuals and non-profit organizations from any of the towns represented by the local Council. Free training on studio equipment is provided by the Public Access Coordinator, Lynn Perry. Please call Lynn at 860-434-0643 for more information.

I serve as Lyme’s Area Cable Advisory Council Member and Treasurer of the Council. I was appointed by the Board of Selectmen. A vacancy exists for a volunteer to represent Regional School District #18. The Superintendent’s Office of The Regional District Board of Education would make that appointment.

I encourage interested residents of the member towns to contact me at 860-434-3223 with any questions, comments or concerns.

Respectfully submitted,
Brian Bowes
The current year collection was $9,386,998 which represents 99.10% of the total $9,472,210 due on the 2015 Grand List.

The Tax Collector’s Office is open 9:00 – 12:30 and 1:00 – 4:00 every day except Wednesday. During the collection period in July, it remains open Monday – Friday until 4:00 p.m.

We want to remind any resident who feels he may need more time meeting his tax obligations to please call or stop by the tax office to inquire about making payment arrangements. Communication with our taxpayers is essential and we will strive to work with them to obtain our goal of collecting the maximum amount of receivables while converting previously delinquent taxpayers into current taxpayers.

NOTE: When you renew your Motor Vehicle registrations, please review the mailing address. A number of residents have registered their vehicles at their street address, but they only receive mail at a post office box. The Dept. of Motor Vehicles requires both addresses, and they supply us with the mailing address.

Respectfully submitted,
Linda Ward, Tax Collector

Lower Connecticut River Valley Council of Governments

RiverCOG, one of Connecticut’s nine Councils of Governments, is governed by the chief elected officials of its 17 member towns: Chester, Clinton, Cromwell, Deep River, Durham, East Haddam, East Hampton, Essex, Haddam, Killingworth, Lyme, Middlefield, Middletown, Old Lyme, Old Saybrook, Portland, and Westbrook. The RiverCOG is responsible for planning of regional land use, transportation, emergency preparedness, environmental conservation, economic development, and homeland security. RiverCOG also provides regional services such as household hazardous waste collection.

Current officers for RiverCOG are Bonnie Reemsnyder (Old Lyme), serving as Chairperson, Michael Maniscalco (East Hampton) as Vice-Chairperson, Noel Bishop (Westbrook) as Secretary, and Carl Fortuna (Old Saybrook) as Treasurer. First Select-woman Cathy Iino (Killingworth) and Town Manager Anthony Salvatore (Cromwell) serve, join the RiverCOG officers on the Executive Committee.

Fiscal year 2017 was an unexpected eventful year for RiverCOG. We welcomed a new staff planner, Jon Curtis. Curtis joined us from Philadelphia, where he worked at the Philadelphia Industrial Development Corporation and earned a master’s degree in city planning from the University of Pennsylvania. Curtis was hired to lead the creation of RiverCOG’s first Regional Plan of Conservation and Development.

Nevertheless, USDOT had other plans for Jon Curtis. His first project was coordinating RiverCOG’s response to a proposed regulation that would force the reorganization of the nation’s metropolitan planning organizations (MPOs) along irrelevant geographies. Coming only two years after the successful merger of RiverCOG’s predecessor MPOs, RiverCOG was in a unique position to use its experience with an organizational merger to inform USDOT on its proposed regulation and help the nation’s other 404 MPOs estimate the costs associated with a regulation that would mandate MPO mergers and dissolutions. The information provided by RiverCOG to USDOT was successful in delaying the implementation date of the regulation to allow for a legislative fix for the issues the regulation would create, particularly in Connecticut. The delayed regulation was finalized in January and was subsequently repealed by Congress and the President this past spring. In October 2016, RiverCOG was awarded an Honorable Mention for Outstanding Coordination by the Association of Metropolitan Planning Organizations for its work on the USDOT MPO reform regulatory process.

RiverCOG was also significantly involved in the NEC Future environmental assessment of the North East Corridor rail line from Washington, DC to Boston, MA. The final environmental impact study identified a preferred alternative that included a new 50-mile rail bypass from Old Saybrook, CT to Kenyon, RI. This bypass would cross the Connecticut River, and its unique estuary, landing in the middle of the Old Lyme historic district. The bypass would eventually veer north of New London, stopping at a new Mystic / New London station in Stonington. RiverCOG supported the efforts of Old Lyme to ensure that the Federal Railroad Administration understood the potential impact of this proposal to the affected towns and to have them remove any recommendations until a comprehensive study of the impacts could be done with the involvement of the states, towns, and members of the public. The final Record of Decision for NEC Future removed the proposed bypass and instead recommended a rail capacity study from New Haven to Providence to be run by the states of Connecticut and Rhode Island.

RiverCOG continued a legacy of legislative engagement with the state and federal government on the behalf of our member municipalities. In January 2017 we held our annual legislative COG meeting at the Capitol in Hartford with the region’s legislators. RiverCOG staff attended a number of hearings on proposed legislation and provided testimony on bills regarding highway tolls, COG transportation investment planning, and a municipal option for property transfer fee for open space preservation.

Other regional planning projects from fiscal year 2017 included:

- Creation of a regional inland flooding model to be used by municipalities to predict potential areas of flooding risk
- Comprehensive ridership count of bus passengers on all runs operated by 9 Town Transit and Middletown Area Transit
- Creation of a new four year regional Transportation Investment Plan (TIP) for federal highway and transit funding
- Completion of a Case Statement and Shared Services Study for the regions land trusts, cooperating via RiverCOG’s Land Trust Exchange
- Kicked off public outreach and research for a new Regional Plan of Conservation and Development
- Started an implementation phase of the GrowSmart economic growth strategy focused on investigating the establishment of a regional development agency
RiverCOG also worked to further regional services and sharing including exploring ways of using staff to provide shared municipal land use services. RiverCOG hosted conversations regarding regionalization of transit services, building officials, and health districts. RiverCOG supported municipal advocacy against a CT Department of Health proposal to regionalize town health departments and directors, providing input on the impacts of such proposal.

Under state statute, RiverCOG through its Regional Planning Committee (RPC), reviews proposed zoning text and map changes that affect property within 500 feet of municipal boundaries and subdivisions which touch or cross town lines, as well as, municipal plans of conservation and development. The RPC includes a representative and alternate from each municipal Planning Commission in the region. The RPC is working with staff on the first Regional Plan of Conservation of Development for the Lower Connecticut River Valley Region. This plan will be a regional land use policy document that guides regional efforts. The Regional Plan is expected to be completed in 2018.

RiverCOG hosts and staffs various regional initiatives and commissions including: the Connecticut River Gateway Commission, the Shoreline Basic Needs Task Force, the Land Trust Exchange, the Coast Guard Auxiliary, the Regional Agricultural Commission, and other groups as space and time permits.

RiverCOG also investigated moving to Haddam during the fiscal year. Lease discussions for the Haddam property were not completed in time to allow for a move by the end of RiverCOG’s lease for its current office space in Essex. RiverCOG chose to instead remain in its current offices for an additional year.
early learning workstation for preschoolers, and commission local artist Kristen Thornton to paint a woodland themed mural in the children’s room.

**Friends of the Library**

The Friends of the Lyme Public Library continued to be an important source of support for the Library throughout the year by sponsoring adult programs, hosting book sales, and donating needed items to the Library. Among the programs were informational programs (managing stress and clutter, The White House and the U.S. Presidency, Up Close with Raptors, Water Babies, Victorian Fashions, Russian Art and Culture of Fabergé), author programs (Jim Benn, Beatriz Williams, Jeff Benedict, Sydney Williams), concerts (CT State Troubadour Kate Callahan and Marc Black’s music of the 50s and 60s), and Appetizers for the Holidays. For the first time, the Friends offered a Sunday afternoon film series during the winter months. In addition, the Friends operate an ongoing book sale in the Book Nook area of the Library and held several pop-up book sales throughout the year, and a 2-day book sale in our program room during the month of June.

**Community Support**

We continue to be grateful for the support of the community. We extend our appreciation to the Board of Selectman, the Library Board, the Board of Finance, and community organizations and businesses such as the Friends of the Lyme Public Library, Lyme Garden Club, the Lyme Land Conservation Trust, the Lyme Consolidated School, Lyme Public Library Foundation, The Lyme Old Lyme Lions Club, and The Cerimon Fund.

---

This fiscal year was a momentous one: We developed and published a new website, with a new domain: https://lvvs.org. We began a concerted effort toward using more online reporting tools, which made our operations more efficient and less costly. We conducted two Tutor Training Workshops and turned out 36 new tutors. Our tutors logged 6,960 tutoring hours and 1,290 preparation hours in service to more than 100 students, even as our list of students waiting to be tutored continues to match the number of new tutors we train, almost one to one. And, for the first time, we had a student, Elizabeth Ramirez, as a featured speaker at our Annual Meeting on July 19.

As a result of those and other numbers, our work remains cut out for us: As of 2015 (the most recent available reporting year), 10 percent of Connecticut residents don’t possess a high school diploma or equivalent. More than 50 percent of Connecticut adults function at the two lowest levels of literacy. In New Haven, 57 percent of the adult population is functionally illiterate. In New London, the rate is 50 percent. That gives the 11 towns we serve between those cities a rate of functional illiteracy over 50 percent.

There’s more: According to https://taxfoundation.org, the total federal income tax paid in 2014 was $1,374,379,000. Yet, according to https://literacypolicy.org, the total WIOA Title II federal and state grant allocations for literacy in 2015 were just $1,151,622. In addition, Connecticut is operating without a budget, at present. That means, in addition to the fact that municipal allocations have been cut, municipalities may have to ante up in the State’s efforts to narrow its operating deficit.

Accordingly, all of us who serve this community have to help each other, to pool and conserve resources, and to complement each other’s services in whatever ways we can. That’s why we’ve begun working with the Ivortyon Library to collect books for emerging adult readers. It’s why we’ve begun working with the Killingworth Library to share books for our respective book sales. It’s why we’ve begun working with Breakwater Books in Guilford and R.J. Julia in Madison to promote each other’s goods and services. It’s why we continue to expand our efforts to help adult students to improve their abilities to speak, to listen, to read, and to write in English.

And it’s why, with your help and the help of so many others in the community, we continue to create the future — one student, one tutor, and one word at a time.
Hadlyme Hall Garden Club

The Hadlyme Hall Garden Club’s primary mission is the beautification of four public gardens that are all located within the Lyme community. The Hadlyme Hall Garden Club plants and maintains the circular garden island at the crossroads of Rte. 82 and Ferry Road. The club also maintains the planters in front of the Lyme Firehouse, planters at the Hadlyme Ferry landing as well as the gardens at the Hadlyme Public Hall and the triangle garden at the intersection of Joshuatown and Ferry Road.

The Hadlyme Hall Garden Club is committed to continuing the popular outreach program to provide community involvement opportunities to the youth of the Hadlyme community. The Hadlyme Hall Garden Club engaged the services of Lyme-Old Lyme High School senior, Georgia Welch for the 2017 summer season. Georgia provided key community services by maintaining a watering schedule of Hadlyme’s community garden spaces. Ms. Welch will be awarded a gift of $500 for her year commitment to this important community service at the Lyme-Old Lyme High School commencement in June 2018.

Here is a highlight of our educational programs and garden tours this past year, 2017:

April – Garden Club member Karen Wiswell, gave a lecture of the multi-talented 18th century botanical artist, Mary Delany. Delany invented the art of colored-paper collages to create floral works of art.

May - Garden club member, Linda Elgart spoke to club members about pruning and deadheading of plants after a long winter season. Her lecture was followed by the popular spring plant swap between members.

June – Jeff Woodward of Woodward Greenhouses (Chaplin, CT) taught a delightful seminar and workshop in succulent wreath making. Members went home with beautiful and decorative wreaths that they created that evening.

August – Our annual summer picnic was held on the grounds of the beautiful Hamburg Cove Yacht Club.

September – Members attended the fun and educational bonsai workshop given by Victor Eng from Bonsai Gardens of Connecticut (Manchester, CT). All members had a chance to create a bonsai tree to take home with them.

October – This meeting involved a road trip to Acer Gardens (Deep River, CT). Garden center owner, Bill Harris presented an educational program on creating winter interest in the garden.

Memoriam – The Hadlyme Hall Garden Club notes the passing of club member, Jane Lewis. Jane, who passed away at her home in August, 2017, was an extraordinary gardener. She was always generous with her flowers, garden grown vegetables and her time supporting many of the club’s endeavors. She will be greatly missed by all the members of our garden club.

Our holiday fund raising efforts continue with the popular sales of our fresh pecans from Georgia. Our 2016 pecan sales occurred at the Hadlyme Hall Art Show, East Haddam Grange Holiday Show, the Chester Winter Market and the Hadlyme Country Store. These sales along with many supportive club members, the club made over $1,250 to fund our community garden activities.

The garden club 2017 membership comprises of 30 Hadlyme community members. For information regarding garden club membership, please contact Paula Emery, President & Membership Chair, at 860-389-1949.

Excerpt from an article from the Hartford Times containing a letter written by Pvt. William G. Stark to a friend after landing in France after a two week trip on a transport ship in November 2017 and about two and a half months at a base camp – What the American soldier at the French front prizes most and needs most, after his food and tobacco, are letters from home. "You people at home, I think, cannot fully realize what mild day means to the man over here, far from home and friends" says Private William G. Stark of Company G, 102nd United States infantry…A spirit of discouragement inevitably comes over the soldier if he does not hear his name called by one of those who has been favored with letters from friends."
The Board met twice out of the 12 months during this reporting period. This is a sharp decrease over last year when the Board met six times. There were two appeals filed for the 2016-2017 fiscal year. Both applications for variances were denied as the applicants failed to meet the criteria of a hardship as required under state statute. For the past ten years the Board has had light activity that was most likely attributable to the downturn in the local housing market.

However while this year the board’s work load saw a significant decrease this should not be seen as indicative of the health of the town’s housing market in general. As noted in the past, the Zoning Board of Appeals is often considered the court of last resort for Lyme residents desiring to undertake home improvements or construction but because of compliance issues with town zoning regulations are unable to do so. It is the right of any property owner to seek relief from the appeals board in the form of a variance if he or she believes their rights are being unduly restricted.

The Zoning Board of Appeals meets on the third Thursday of each month in the town hall conference room. Meetings begin at 7:30 P.M.

Respectfully submitted,
David M. Lahm, Chairman

MacCurdy Salisbury Educational Foundation, Inc.

The Annual Meeting of the MacCurdy Salisbury Educational Foundation was held on September 10, 2015 at the Phoebe Griffin Noyes Library in Old Lyme. Two members were elected to the Foundation; Matthew Griswold XI from Old Lyme and Priscilla Hammond from Lyme. Two new members were elected to the Foundation’s Board of Directors for a three year term; Jim Fairfield-Sonn and Judith Read. They replaced Leslie Gourlay and Leslie Massa whose terms had expired. Foundation officers re-elected at the meeting were; President Rowland Ballek, Vice President Mary Seidner and Secretary/Treasurer Edward Perkins.

The Foundation was started in 1893 by Evelyn MacCurdy Salisbury to help support the school system in Old Lyme. After Evelyn’s death in 1919 the Foundation began offering grants to Old Lyme Students going on to college. After the regionalization of Lyme and Old Lyme systems in 1973 Berenice “Bunny” Brevillier started the Lyme portion of the Fund which at the time was much smaller than the Old Lyme portion.

Through recent substantial contributions, mostly by Lyme residents the Lyme fund became proportionately equal to the Old Lyme portion of the fund and students from both towns were receiving comparable benefits. Recognizing this and attempting to meet the requirements outlined in our revised Certificate of Association filed when we became a public Foundation supporting Regional District 18 in 1998, on January 1, 2016 we merged the two funds into one fund serving all the residents of the Regional District. This will save both time and money managing two funds, money that can increase grants for the students we serve. The fund will still be called the MacCurdy Salisbury Fund as originally requested by Evelyn in her will written over 100 years ago.

In the past eight years the Foundation has given out over $2,000,000 dollars to students from Lyme and Old Lyme. For the 2015 – 2016 academic year the MacCurdy Salisbury Educational Foundation was able to give out $255,960 in educational grants to 81 students; from Old Lyme and Lyme. For the 2016 – 2017 academic year the Foundation plans to give out $258,300 to 75 students from Lyme and Old Lyme who are attending colleges throughout the United States.

The Foundation held its annual reception for this year’s high school graduates who were receiving grants on June 2, 2016 at the Lyme Art Association in Old Lyme. Attending the reception were students, parents, school administrators and Foundation Board Members. Included in the numbers above are the 16 students graduating this year from Lyme and Old Lyme and 2 students already enrolled in college who were awarded grants at the reception totaling $70,900 for the coming school year.

The Foundation also presented two $500.00 awards at the reception; the W.E.S. Griswold Valedictorian Award to Maria Boyle who will attend Harvard University and the Willis Umberger Salutatorian Award to Ryan Harty who will attend Carnegie Mellon University. Bill Griswold was President of the foundation from 1965 to 1992 and Willis Umberger was Secretary/Treasurer of the Foundation from 1966 to 1986.

Foundation awards are limited to students residing in Regional District 18 and are based on the degree of financial assistance a student requires to meet their college expenses. If a student keeps a satisfactory grade point level they will continue to receive the same award for an additional three years of their undergraduate studies. Applications are available at the Regional District 18 Guidance Office or from our web site: www.maccurdysalisbury.org.

Rowland Ballek, President

Left to right: Foundation Secretary/Treasurer Ned Perkins, Class of 2017 Salutatorian Laura Lee Wayland from Lyme, Class of 2017 Valedictorian Natalie Rugg from Old Lyme and Foundation President Rowland Ballek at the Foundation’s Awards Reception on June 8, 2017
Region 18 (Lyme/Old Lyme) Public Schools

During the 2016-2017 school year, the Lyme-Old Lyme Schools excelled in a variety of different areas. It is with great pride that we share this annual report with the citizens of Lyme and Old Lyme.

Again this year, the Lyme-Old Lyme Schools were recognized on both the state and national level further solidifying the notion that we provide exceptional academic programs commensurate and oftentimes superior to both public and private schools throughout Connecticut.

Lyme-Old Lyme High School’s results on the Scholastic Aptitude Test (SAT), which was given in the spring to all juniors free of charge as the state mandated assessment, placed us as one of the top districts in the state and certainly the top district in our immediate area. These results were supported by programming that provided all eleventh grade students with free SAT preparation.

Mile Creek and Lyme Consolidated Elementary schools, along with Lyme-Old Lyme Middle School, saw the results of many years of commitment to the new Connecticut Standards pay off with strong results on the annual Smarter Balanced Assessment. As with the SAT, all of our schools, PK-8th grade, placed themselves in the top in all areas both locally and across the state as a whole.

In preparing our students for the future, Lyme-Old Lyme High School fully transitioned to a digital environment with the addition of school issued laptops for all students. Combined with our new learning management system, Canvas, our students and staff are prepared to meet the challenges of 21st century learning.

We continue to provide our students, staff, and communities with state of the art facilities. While not exactly glamorous, we began the process of replacing our three campus oil tanks, converted almost all light fixtures to LED technology, and have utilized other cost saving measures to reduce the burden of facilities costs in our educational budget. In order to provide a more comfortable learning environment for all, we plan to install air conditioning in all classrooms throughout the district.

In the area of finance, the towns approved a $33,634,271 budget for the 2016-17 school year representing a 0.49% increase over the adopted budget for the current year. This was the lowest budget increase on record for Region #18. While the increase was exceptionally low, it was achieved through savings that did not impact any of our existing programs or services. The budget supports our commitment to continued adherence to class size guidelines, a reduction of staff to account for an enrollment decline at the elementary level, continued of all existing academic and extracurricular activities, adjustments for anticipated changes in the special education population, adequate funding for maintenance and repair of buildings and grounds, a scheduled replacement of technology and equipment, and program improvements that are consistent with high academic and operational standards.

The upcoming year will again be filled with many successes and challenges as we continue to focus on student success at all levels, maintaining and improving upon the high standard we have set for ourselves and our students.

Please visit our website for more information. (www.region18.org)
The Lyme–Old Lyme Education Foundation  
“Supporting Excellence in Our Schools and Community”

The Lyme–Old Lyme Education Foundation is an independent, nonprofit, 501(c)(3) charitable organization, established in 2006 to enhance education for all ages and sectors of our community. We are governed by a volunteer Board of Directors from Lyme and Old Lyme.

Our mission is to create or enhance valuable educational programs above and beyond those traditionally provided by the Lyme–Old Lyme Public Schools. We align our work with the District’s strategic planning process in order to encourage innovative and effective learning opportunities for students of all ages, from pre-school to senior citizens.

LOLEF raises and distributes funds to improve and expand enrichment programs, support innovative teaching and learning, and build educational partnerships between our students and our community. To date, LOLEF has raised and distributed over $180,000 to fund new curricula throughout our community.

To submit a grant for review, please visit our website for guidelines and download an application: www.LOLEF.org

Major LOLEF grants of 2016–17:

• “Science in Nature,” taught through Old Lyme’s Roger Tory Peterson Estuary Center, provides 3rd, 4th and 5th-graders at Mile Creek and Lyme Consolidated Schools the opportunity to use real scientific equipment in field studies at the nearby Mile Creek and Eight Mile River Preserves. They are taught to make observations about environmental factors and wildlife habitation. This program also introduces their teachers to Next Generation science standards.

• STEM Curriculum at Lyme–Old Lyme Middle School: Students are discover Science, Technology, Engineering and Math curriculum in grades 6, 7, and 8 through introductions to chemical engineering, environmental landscaping, bio-engineering and green engineering. The Foundation also funded a grant for a 3-D Printer and the coordinated curriculum in architectural engineering, wood production, and technical writing.

• Students in all grades can discover the world through a Google Expeditionary Technology classroom. Twenty sets of virtual reality gear enable students and their teachers to explore a wide variety of subject areas such as biology, anatomy, the physical sciences, history and geography. This “classroom” serves all our schools and is suitable for all ages.

Community Fundraising Events in 2016–17

Bound for the Sound Road Race  
5k, 10k and 1 Mile Fun Run. Held each September

Warren Miller Ski Film. Held in December

Annual Community Appeal

Contributions in any amount are gratefully accepted and are fully tax deductible:

• on our website: www.LOLEF.org
• by mail: P.O. Box 895, Old Lyme, CT 06371
• by event sponsorship and attendance. For more information on our fundraising events, please see our Facebook page: Lyme/Old Lyme Education Foundation.

We are overwhelmed by your generosity and grateful for all you do to support education in the Lymes!

Mary Stone, President  Robert Roach, Vice-President
Sheila McTigue Ward, Secretary  Daniel Hagan, Treasurer

“Science in Nature” – Students examine and identify plants in the Eight Mile River Preserve before describing and drawing observations in their journals.

Lyne Conservation Commission acting as the Inland Wetlands and Watercourses Agency

During Fiscal Year 2016-2017, the Agency met every month to review 12 applications. Six of the applications sought to construct septic systems in the regulated area. One application was considered to be a “Significant Activity” as defined in the Agency’s regulations and a public hearing was held to address that application. Other applications sought to control invasive species, construction of a fishing shack and reconstruction of a garage that was destroyed by fire. All applications this year were approved, some with minor conditions.

Rogers Lake Authority

The Rogers Lake Authority (RLA) meets the second Wednesday of every month at 7:30 P.M. in the Rogers Lake West Shores Association Clubhouse at 75 Rogers Lake Trail in Old Lyme. Anyone is welcome to attend.

Rogers Lake comprises 265 acres and is 66 feet deep. The water draining into the lake comes from 4,819 acres of which 4,472 acres are natural wooded or wetlands.

The Rogers Lake Authority is comprised of three representatives from Lyme and three representatives from Old Lyme. They can be contacted at rogers-lake-authority@googlegroups.com. A web site is maintained at http://www.oldlyme-ct.gov/Pages/OldLymeCT_Bcomm/rogers_lake/index.

There has finally been a dramatic improvement in the fight to control the invasive weeds in Rogers Lake as a result of the herbicide treatments. Two treatments were performed during the last fiscal year. One treatment was performed July 5, 2016, and a second treatment was done on June 8, 2017. The DEEP permit allows for a third treatment in the spring of 2018 and that is funded. The plan is to obtain additional guidance from DEEP for the 2018 treatment. The herbicide treatment specifically targets the invasive weeds Fanwort and Variable Leaf Milfoil. The RLA participated in the pre and post treatment surveys, and observed the herbicide treatment. Water testing was performed in one deep and one shallow well for pre and post treatments for both herbicide applications and no traces of the herbicide were found. A CT DEEP grant funded 50% of the 2016 herbicide treatment.
The quality of the water remains very good as can be seen with the absence of algae blooms. While 2016 was a very dry year with little rain, 2017 has been a complete opposite and there were still no algae blooms.

One of the RLA’s primary concerns is boating safety on the lake. The police and DEEP have been called multiple times to deal with town and state violations. The major offenders have been the Jet Ski operators. If you observe any unsafe activities on the lake, immediately call the DEEP at 860-424-3333 or 911.

To help promote safety on the lake, the RLA provided three certification classes. The first class was a Safe Boating / Personal Watercraft / Safe Waterskiing Endorsement course on March 25, 2017. The other two courses were CPR certificate classes held July 23, 2016 and May 13, 2017.

There have been a number of changes to the representation on the RLA. Leadership of the RLA has been changed to two co-chairmen, being Dennis Overfield and Dick Smith. The RLA would like to thank Rob Roach, Mike Sicord, and Liz Sunshine for their years of service on the RLA, and welcomes Nicole Krol and Toni Phillips.

The RLA is a member of the Connecticut Federation of Lakes. This organization held two conferences, one in September, 2016 and a second with 120 attendees in April, 2017. The take home from attending these conferences is that Rogers Lake is healthy and has fewer issues to deal with compared to other lakes in Connecticut, and is proactive in dealing with our issues. Both conferences provided a wealth of information that was applicable to Rogers Lake.

The lake drawdown that typically occurs every leap year, enabling lake residents to perform maintenance on their waterfronts, was postponed for the fall of 2016 because of the drought. The drawdown was rescheduled for the fall of 2017.

The drawdown of the lake that occurred from November to March of each year is being discontinued. The purpose of this drawdown was to try and kill the invasive weeds in the shallow areas. With the lack of extended cold periods during the winter, and findings from other lakes, the drawdown only allowed the weeds to establish at deeper depths.

Fishing tournaments continue to be conducted on the lake from early spring through the fall. Permits for fishing tournaments are permitted through the DEEP.

DEEP stocked fish in the lake multiple times in the spring. Rogers Lake is considered one of the State’s top trout trophy lakes.

A big thank you to the board members past and present, and concerned lake residents, for their efforts in actively supporting the Rogers Lake Authority.

Dennis O. Overfield & Richard J. Smith, Sr. – Co-chairmen RLA

Lyme Land Conservation Trust
2017 Was the Land Trust’s Fiftieth Anniversary

Fifty years ago our Founders had a vision that Lyme need not succumb to the kind of rampant and uncontrolled development that had blighted so many other communities—some close at hand. They hoped that Lyme could retain its quiet, rural, scenic and historic character. They incorporated the Land Trust in 1966 as a means of working towards that end. Our Annual Meeting this year was held on May 26, fifty years to the day after the Land Trust’s first Annual Meeting in 1967. In celebration we held a town-wide anniversary party at our Grassy Hill Preserve near the iconic Congregational Church at the top of Grassy Hill Road. There was a band, a barbeque, a raffle and a wine and beer tent. A good time was had by all.

Below you will read about our purchase last year of the beautiful Brockway-Hawthorne property, 82 acres of land just south of Hadlyme Four Corners. We also created a small parking area and trails that will provide access to the most beautiful features of the Preserve.

The PBS documentary on the Land Trust and, more broadly, conservation in Lyme, aired on CPTV on January 14, 2017, and 100 other PBS stations broadcast it nationwide. Introduced by the actor, Sam Waterston, it reflects the success that the board members, staff and volunteers of the Land Trust, working with the Town, the State and our other conservation partners, have had in realizing the vision of our Founders.

Visionaries LLC, the not-for-profit that produced the PBS film, has worked with the Land Trust to create a companion film we call “The Rest of the Story.” It contains interviews with a number of people who were important contributors to the Land Trust’s success over time as well as footage that could not be included in the original film. Both films can be seen on our website: lymelandtrust.org.

The balance of our report delves more deeply into our accomplishments last year.

Preservation

Over the past year, the Land Trust has added three properties to the conservation rolls. One was an anonymous gift of nearly 11 wooded acres in close proximity to protected parcels off Joshuatown Road. Another was a gift of a 40-acre conservation easement by the Griffin family near the Grassy Hill Church, adjacent to Nehantic State Forest and other protected lands. The third was a Land Trust purchase of the Brockway-Hawthorne Preserve from Bill and Anna Hawthorne. With its connection to other open space parcels and trails, this property is one of the building blocks in a nearly 1,000-acre forested block running from Brush Hill Road to Selden Neck and the Connecticut River.

Funding for the purchase came from a grant by the State and another from the Community Foundation of Eastern Connecticut. Importantly, over 50 Lyme residents donated a total of over $225,000. The property had been in the Hawthorne and Brockway families for many generations, and Bill and Anna wished to see it protected in perpetuity as a legacy that would benefit future generations.

Stewardship

The Stewardship Committee, with the help of more than 30 volunteers, monitors
all 103 Land Trust properties and conservation easements and maintains over 35 miles of trails. Volunteer stewards walk the properties and file reports on our online database. The strong support of volunteers also makes it possible to keep trails clear and well marked. Working with the Town of Lyme, The Nature Conservancy, and many volunteers, the Land Trust continued to develop new preserves and upgrade and add new trails.

Last year we improved the Ravine Trail by moving the entrance to a more pedestrian-safe location on Joshuatown Road, across the street from the Selden Creek Preserve parking lot. A new section of the red trail there, combined with the new yellow trail, creates a moderately easy loop, and a new blue trail off the yellow trail offers a fairly easy 0.6-mile round-trip to a breathtaking overlook.

We also developed the Brockway-Hawthorne Preserve for public access. Volunteers created a trail system that traverses its diverse and beautiful terrain and connects to the existing Ravine Trail and Selden Creek Preserve network. Volunteers from Dominion built three new bridges. An off-street parking area has been constructed and trail maps have been prepared.

Protecting and providing sanctuary for wildlife is an important objective of the Land Trust’s preservation activities. Private landowners, the Land Trust and the State have agreed to harvest mature trees on adjoining properties over an extended period in order to create an environment suitable for species, such as the endangered New England Cottontail, that depend upon young forest. This fast shrinking habitat is also beneficial to more than 50 species of greatest conservation importance, including ruffed grouse, American woodcock, wood turtle, and blue-spotted salamander.

Working with the Town of Lyme, the Land Trust developed an overall map of the Town that shows all properties with free public access, including all the trails. New maps and brochures of the Beebe Preserve and Chestnut Hill Preserve are now also available. Maps are available on our web page, lymelandtrust.org, at the Lyme Town Hall and the Lyme Public Library.

Financial Condition

Compared to the same period last year, Operating Revenues increased 41% while Operating Expenses had a modest increase of 7.7%. We have been able to increase our revenues through our principal fundraising event, the Tour de Lyme (8% increase) and through our annual membership drive (20% increase). We have also benefited from substantial donations from Board Members and from generous donors in Town. Our President’s Circle, consisting of families that donate $1,000 or more annually to the Land Trust, has now grown to over 50 members.

The Land Trust’s overall financial condition continued to improve last year as reflected in the report on the Philanthropy Committee below.

Philanthropy Committee

This year saw major progress in realizing our goal of ensuring the financial stability of the Land Trust in perpetuity, a critical performance parameter considering that our stewardship obligations for the 100 plus properties we have under management run in perpetuity. We have exceeded our goal of creating an endowment fund of $1,000,000 (including promised bequests), and have revised our goal upward. We are also working on our goal of adding $500,000 to our Templeton Brown Acquisition Fund.

To meet our Fiftieth Anniversary endowment goal, pledges were structured around planned gifts—no cash today, payment later from estates. The $1,200,000 in pledges included will and IRA/401K beneficiary designations, and charitable gift annuity purchases.

Events

Throughout the year, the Lyme Land Trust hosts events to promote awareness of our natural surroundings. We often work in partnership with the Town of Lyme and other groups. This spring, we provided outdoor adventures through “Curiosity Shop,” a program for students in grades K-5 at the Lyme Consolidated School. Students explored Banningwood Preserve, Clucas Preserve, and the fish ladder at Mt. Archer Road.

Many special events were held to celebrate the Land Trust’s Fiftieth Anniversary. At our Annual Meeting in May, we honored retiring First Selectman Ralph Eno for his dedication to conservation and his leadership in the Town’s partnership with the Land Trust in preserving open space. On the Fourth of July weekend, our exhibit at the Lyme Public Hall included displays on the history of the Trust and on Lyme’s preserves and trails, the Eightmile River Wild and Scenic Watershed, and photographs from the Land Trusts Photo Contest.

Creative expression inspired by nature was the theme of other events, including last year’s Fifth Annual Paint-Out Exhibit, co-sponsored by the Lyme Art Association, which featured paintings of the Hamburg Bridge Historic District. The eleventh annual Land Trusts Annual Photo Contest reception was held this past March. The contest is a cooperative effort by the Land Trusts in Lyme and several adjacent towns.
Lymes’ Senior Center

Lymes’ Senior Center serves our Senior Community ages 60 & over & offers a variety of educational, art classes, health programs, exercise programs, entertainment, special programs, games, baby boomer activities, hiking, lunches, day trips, cruises, and overnight trips and much, much more. Lymes’ Senior Center is open from 9:00 a.m. – 3:00 p.m. Monday through Friday with some evening and weekend programs. Please check the monthly newsletter or our NEW website www.seniorcenterct.org for specific times. Newsletters get sent to all members. Membership is $5.00 a year. Please feel free to contact Stephanie Lyon-Gould, Director, at (860) 434-1605 ext. 240 or stop by this beautiful facility and grounds if you have any questions.

Listed below are just some of the highlights of the 2016-2017 Year:

- Nancy Campbell - Treasurer
- Dot McAndrew - Secretary
- Diana Blackwell
- Diana Seckla
- Mary Miles
- Johnny Cody
- Ann Griffith
- Gary Weed
- Geri Baker
- Joan Bonvicin
- Kathy Lockwood
- Doris Johnson

Thank You Jim Noyes – We Owe you a Debt of Gratitude!

Jim Noyes, you played an integral part in the development of the Lymes’ Senior Center. You were instrumental in finding a site for the center & choosing an architect. You served on the building committee, helped build the center, and served on our first Board of Directors.

According to accounts from those who worked along side you, you were a master scavenger. The counter tops in the center came from a stash of materials you had saved from some of your other jobs. You were frugal and the carpentry hours you and the other hammer swingers donated made the project possible.

Along with Walt Soquist, Francis Ross and Ralph Eno, you hung doors, installed window/door trim, made the backsplash for the kitchen sinks and framed the opening for the range hood. You worked with Walt to trim the pilasters for the side porch and front door overhang.

Your knowledge of the town and your connection with the people were invaluable. Any time a problem arose or something needed repairing, you were there, even if it were as minor as replacing a light bulb. You continued to be a great supporter of the Senior Center throughout the years and visited at least once a week until a few months before your passing. Thanks to your hard work, the longstanding dream of having a senior center in Lyme and Old Lyme was made into a reality. Thank you Jim, you are missed!

**Municipal Elections**

**WARNING - STATE ELECTION (NOVEMBER 8, 2016)**

The Electors of the Town of Lyme are hereby warned to meet at their respective polling place in said town on Tuesday, November 8, 2016, for the following purpose:

1. To cast their votes for Presidential and Vice-Presidential electors, United States Senator, Representative in Congress, State Senator, State Representative, Registrar of Voters.
Notice is hereby given that the location of the polling place is as follows:

The Czikowski farm on Josuatawn Road and the village of Hamburg beyond, post card, c. 1930. The family purchased the land after moving to Lyme from New York City in 1900.
Our mission at Hadlyme Public Hall is to provide a place for residents of Hadlyme and surrounding communities to meet. We are proud to be one of the few remaining unaffiliated Public Halls in the State of Connecticut, and proud to serve our community.

Our membership is faithful to the preservation of our hall property and its activities. In 2017 our dedicated board of directors planned, and with membership help, provided a Spring Italian themed dinner in March, a Chicken Barbeque in June, a Harvest Dinner in October, our annual Thanksgiving Weekend Arts and Crafts Show and a Holiday Music evening with the Eight Mile River Band.

Maintenance of the hall is managed by an active Building Committee that works to preserve the original character of the building. The hallspace is provided for community meetings on a range of subjects. Hall rentals provide space for private family gatherings, as well a local organization meeting space.

The Association Membership consists of 130 member families. The revenue raised from dues, hall functions, rentals and donations provides the resources to sustain the organization and the facility. The hall is managed by a board of twelve Directors. It can accommodate up to 120 people on two levels and has a full kitchen. It is available for rental from March through mid December. Current information about the hall and scheduled activities can be found on our website, hadlymehall.com.

The Hall is also the home of the Hadlyme Hall Garden Club, a group that is dedicated to maintaining the gardens at the triangle at the center of the village, at the post office, at the Fire House, at the junction of Ferry and Josuatown Roads, as well as at the Hall and the Ferry landing.

We thank all our members, visitors and friends for their support. All people in the area are encouraged to join our membership. With your support we will continue to provide this unique gathering space for our community.

Dear Lyme Resident,

The Lyme Department of Emergency Management is staffed by four officers and twelve volunteer staff and our Emergency Operations Center (EOC) is located in the lower level of the Lyme Public Safety facility. This public facility also houses the Lyme Fire Company and Lyme Ambulance Associations and their respective apparatus.

Our Mission

Lyme Department of Emergency Management is charged with protecting the community by providing a comprehensive and integrated emergency management system that coordinates community resources to protect lives, property and the environment through mitigation, preparedness, response and recovery from all natural and man-made hazards that may impact our town. Not only do we directly report to the first selectman of the Town of Lyme, we are also integrated into Region 4 of Connecticut’s Department of Emergency Management & Homeland Security (CT-DEHMS). The Director of Lyme Department of Emergency Management is a sworn State official, and our main duty is to serve the town, protect our community, and integrate with local, State and Federal assets during a time of emergency. As mentioned, key personnel attend routine training sessions, regional and State emergency management meetings, serve roles on a specific task force or focus group, serve on Region 18’s School Safety Committee, attend school safety drills and exercises, and prepare and maintain our EOC facility in a state of constant readiness.

Affordable Housing

Both the Town program and the Lyme Compact had a quiet year. All the current houses continue to be occupied.

In the coming year the committee will begin researching building a house on the lot donated by the Young family. The application process for the affordable housing program gives preference to individuals or families that work/volunteer for the Town of Lyme.

We would be happy to give information to anyone that is interested in the program.

Respectfully submitted,
Isabel Roberge
The Town of Lyme is also located within the ten-mile emergency planning zone (EPZ) of Dominion Power’s Millstone Nuclear power generating station. Because of this proximity, there are additional measures, protocols and key technologies such as dosimetry meters, public address and siren notification systems, specialized communications equipment and bi-monthly meetings for emergency management directors held at the Millstone plant to ensure preparedness should we need to respond to a radiological event.

**Command Structure During An Actual Emergency**

The chief executive of local government (First Selectman) is by law in charge or in command during an emergency. The Emergency Management Director serves, during an emergency, as the chief of staff for the chief executive. His or her normal daily role is to act on behalf of the chief executive to build local readiness by developing local emergency plans, in coordination with community and businesses. I would like to take this opportunity to thank our Town and EOC staff for their constant state of preparedness and vigilance. Also, a special thanks to the Mike Caplet and his team at the Connecticut Department of Emergency Management and Homeland Security Region 4 office, Connecticut State Police Troop F, Connecticut DEEP, Dominion, CL&P, the Lyme Fire Company, the Lyme Ambulance Association, our own Public Works Department and countless others for their important contributions during times of emergency and when we respond as one integrated team. We are fortunate to have such dedicated individuals protecting and serving the State and our Lyme community.

Sincerely yours,

John C.L. Evans

**Emergency Management**

In our continuing effort to make sure people with special needs are attended to in the event of either natural disasters or nuclear power plant emergencies, Lyme’s Emergency Management Office is again incorporating the following form in this year’s Town Report. Our Emergency Management Group wants to know about all people in town who might need special help in an emergency; so your cooperation and participation are greatly appreciated.

If you fall into this Special Needs category, please fill out the form and return it to:

Lyme Emergency Management

480 Hamburg Road

Lyme, CT 06371

Lyme Emergency Management

__________________________________________________________________________

I am a part-time resident ___Yes ___No

List months you are here:

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

Even if you have previously sent in a card like this, you should send it in again whenever you receive a new booklet.

This information will remain confidential.

The Fire Company and Ambulance Association again request Lyme residents to post their house numbers in a clearly visible location so they may more effectively serve us in times of emergency.
Credits and Acknowledgements

Appreciation is extended to the Lyme Local History Archives for the use of historical material and photographs.

Appreciation is extended to the families of Elmer Blackwell, Leslie Cone, William Czykowski, William G. Stark and a friend of Harold Clark for sharing veteran photographs. Photographs for Arthur Beebe, Julian Ely, Theodore Schnirring, and William G. Stark are drawn from the CT State Library World War I Collection, War Records Department, Military Service Questionnaires.
