Dear Members of the Board of Directors of EDWA,

The Monongahela Township Board of Supervisors wishes to extend our congratulations to you upon the announcement of the PennVest Award for \$5 million in grants and \$4 million in loan to make the necessary improvements to your public water system. Our residents very much deserve and need to have a safe and reliable public water system.

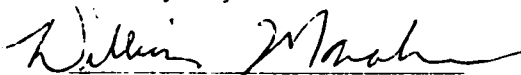

We are deeply grateful to PennVest for all of the effort that they have invested to help our communities across Greene County.

However, we also understand that this \$4 million loan award likely will create a significant increase in the rates for all of the customers. We recognize that that could bring serious hardship to many of your customers, our constituents.

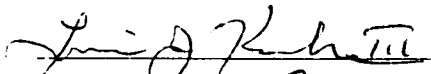

Per our previous meetings and conversations with all of you, we urge you to fulfill your commitment to "explore all options". Therefore, without hesitation, we ask that you solicit proposals from other interested public water agencies for opportunities for acquisition, merging, or any other partnership arrangement. Immediately, we ask that you make your full application to PennVest available for public review at each of the offices listed below.

Finally, we urge you to diligently and responsibly consider any and all opportunities that come forward so that all of our residents will have the opportunity for an essential safe and affordable public water system.

Please respond as quickly as possible. As concerned township supervisors, we are available to assist in any way.

William Monahan, Chairman

Louis J. Kovach, Vice-Chairman

Michael Rudolph, Supervisor
