

## HOW TO RIGHT-SIZE YOUR SAP

### ABOUT M10TEK:

M10TEK provides The Best SAP Talent to solve the most complex industry challenges of an SAP Digital Transformation. By deploying the Top-5% of Platinum Level Experts, M10TEK leverages years of experience to benefit our clients.

M10TEK, The Premier SAP Talent Agency and Trusted-Advisor for over 20 years. We passionately pursue, mentor, inspire and invest in the Best-of-Breed SAP Relationships. We exist to solve SAP's biggest customer challenges by providing superior talent with simple and seamless customer service at every touchpoint.

M10TEK specializes in ECC, S/4HANA, and SAP Cloud Services. In addition, M10TEK offers consulting in SAP specialized areas such as; Ariba, Hybris, Callidus, Fieldglass, Success Factors, Concur and Sybase, to name a few.

### THE BUSINESS CASE:

SAP Databases double in size every 18 months and right-sizing your data lets you store outdated data externally in a compliant, secure and accessible format.

### RIGHT-SIZED DATA DELIVERS:

- A safer, faster S/4HANA or Cloud Migration. Use only what you need.
- A more responsive system.
- Lower Storage, License and Maintenance Fees.
- Faster Disaster Recovery.
- Improved User and Customer Experiences.
- Regulatory Compliance.
- Targeted ROI.

THE PREMIER SAP TALENT AGENCY

## HOW TO RIGHT-SIZE YOUR SAP DATA

### A MEASURED APPROACH:

- **ASSESS** the potential ROI of archiving, and build a business case.
- **PLAN** what objects need to be archived and the retention requirements.
- **DEVELOP** the archiving and access requirements in blueprint for successful archiving.
- **IMPLEMENT** archiving in Dev System.
- **TEST** with users to ensure the access to the archived data is efficient and accurate.
- **EXPAND** archiving across the organization in a prescriptive way.

### TAILORED PROOF OF CONCEPT:

#### SCOPE

- One Archiving Object/s.

#### DELIVERABLES

- Archiving and Data Aging Report.
- Design, configuration, and testing documents (for each object).
- Executive level presentation.
- Business Case/ROI Analysis and Roadmap.
