

## What do we do?

We meet regularly to listen to informative speakers, plan community events, network with our peers and community leaders, and strive to better our community.

We host regular events throughout the year (see calendar →) to better our social and professional skillsets as well as making our community a better place. From family-fun activities to community service to just a fun night out, CAYL is what you make it.

## Who are we?

We are a fun group of people looking to add some more fun people to our network! Our mission is to attract, develop and retain young professionals to the Cherokee, Iowa area by providing a network of like-minded, and driven individuals who strive to better our communities.
