

WL Ice & Water 900

The Ultimate Ice & Water Solution

Waterlogic's Ice and Water 900 combines a modern design with the latest technology. Enjoy all of the features this machine offers, plus with RO (reverse osmosis) purification you can be assured you are getting pure and clean ice and water whenever you need it. With a separate water delivery and a daily ice production of 44lb, plus additional storage of 8.8lbs, this machine makes the perfect choice for all busy workplaces and environments.

Making Water and Ice Great

This dispenser offers two steps to fresh water and ice:

1. Ultimate Filtration: when it comes to total filtration you cannot get better than reverse osmosis (RO). This stage removes chlorine and all other impurities, waterborne tastes and odors.* RO achieves removal of unwanted contaminants from the water leaving only H₂O.

* Where applicable

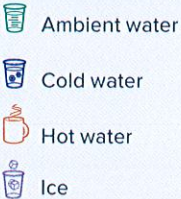

High quality water and ice

- Hot, Cold and Ambient Water
- Modern, streamline design
- Integrated ice-making and water-cooling system
- Daily ice production of 44lbs (20kg) / day
- Additional ice storage of 8.8lbs (4kg)
- Separate water delivery
- Reverse osmosis filtration
- Touch sensitive buttons
- Blue LED lighting

The Boring Bits

Water Options	Technical Features	
	Type available	Tower
	Freestanding dimensions	432mm (W) x 1480mm (H) x 457mm (D) 17" (W) x 58.25" (H) x 18" (D)
	Weight	54.3kg (119.7lbs)
	Standard filtration supplied	RO (Reverse Osmosis)
