**We have 14 gaming companies in our family**

**Make better games**

We provide you with industry research and insights

We challenge your designs and help you in creating the right game for your target audience

We rate and review game design, art direction, UI, story and setting based on decades of experience

We provide open and honest feedback to your concepts, design vision and prototypes, just like a publisher would do

We keep supporting you closely during live ops and maintenance processes

We help you in finding your game's uniqueness and tuning it into a brand

**And this is how we do it:**

- Establishing processes
- Ensuring highest possible quality
- Killing unnecessary overhead
