## Adaptive Tennis Clinic Inclusion

**Adaptive Equipment that is inclusive for everyone.**

*Tennis raquets* come in a variety of shapes and sizes, shorter, smaller and lighter, which make gripping the raquet and hitting the ball easier, if range of motion is an issue. *Athletic tape* or a gripping device to secure the raquet in their hand. Tennis balls vary in size and compression. Larger *tennis balls* are easier to hit and lower compression means that tennis balls will move more slowly and be less likely to bounce over your head, allowing rallies to last longer. Even *tennis courts* can be reconfigured for adaptive tennis playing area means longer points and have fun!

### It's not about the sport. It's so much more.

*The Christina Grillo Sullivan Foundation is a 501c(3) public charity dedicated to encourage and facilitate healthy and active lifestyles for children and adults with and without intellectual and physical challenges through the Foundation's Recreational Adaptive and Unified Fitness Sports Programs. Benefits include stress reliever, physical exercise, social interaction, builds self-confidence providing Inclusion through Adaptive and Unified Sports.*

~Josephine Sullivan, Executive Director

"Tennis gives kids the chance to feel good about what they are doing and the chance to interact with other kids."

## Microsoft Inclusive Gaming

**Gaming that's inclusive for everyone.**
