In Fall 2018, the City of San Ramon commissioned nationally recognized artist Brian Keith to create a 13' bronze sculpture of an eagle at Rancho San Ramon Park and provided start-up funding to begin the project.

The Eagle, as conceived by the artist, is posed in a majestic protection stance, bridging old and new communities in San Ramon, honoring the City's commitment to freedom, open space and natural wild life.

In 2019, start-up funding from the City of San Ramon and generous donations from benefactor Fred Bruning provided 50% of the funding to bring the Eagle to San Ramon.

In 2020, a projected \$115,000 will need to be raised to place the Eagle in its final perch at Rancho San Ramon Community Park. These dollars will cover the cost of artist renderings, engineering, design, bronze casting, welding, transportation, delivery and installation of the sculpture.

A variety of sponsorship and community giving opportunities and associated benefits are being offered to bring the San Ramon Eagle home.

Live videos of the making of the Eagle are available at <https://briankeithfineart.com/san-ramon-eagle>.
