

Wine: Abios Verdejo

Winery: Bodegas Valbusenda

Appellation: DO Toro

Grape variety: 100% Verdejo

Produced in young, sandy vineyards, Abios Verdejo is a delicate wine. Vintners harvest its grapes in the evenings to avoid the sudden changes in sugar composition that often impact daytime harvests. The grapes then undergo a cold press process before fermenting in stainless steel tanks at a maximum temperature of 14 °C.

Abios Verdejo pairs well with chicken, fish, and shellfish.

Bodegas Valbusenda thrives across three neighboring towns in the DO Toro. The bodega's viticulturists cultivate grapes in the region's light, sandy, gravelly soil and each wine possesses a unique identity. Each harvest is hand-picked and delivered to Bodegas Valbusenda's state-of-the-art facilities for vinification.
