

COMMUNITY FOUNDED ON COMPASSION AND COMUNICACIÓN

Todos Juntos is a bilingual, 2-Gen Family Learning Center, and since 2009, we've been committed to breaking the cycle of poverty by strengthening immigrant families through education. We work with the children and their parents simultaneously, building them up together to create meaningful opportunities – for both. We collaborate in education with families, partner agencies, and our greater community because, if we want to make a change, there's only one way to do it: all together.

WHAT WE OFFER

KIDS

Our Early Childhood Education (ECE) program offers classes that teach children, ages 18 months to 4 years, the skills they need before entering school. And, on average, children end the year 3.5 months ahead, gaining nine months of vocabulary skills in fewer than six months.

WHAT KIDS LEARN:

- Fine motor skills
- Math + Literary Concepts
- Socializing and Sharing
- Love of reading
- Independence
- Creative play
- Music & Art
- Technology
- Physical activity
- Healthy eating
- Science

ADULTS

Our Adult English as a Second Language (ESL) program offers classes to Travis County residents without a high school diploma, 18 years of age or older. All classes are taught by professionally trained instructors, provided by Austin Community College, and on average, 91% of students advance to the next level of ESL on the first try. And best yet, all classes are free of charge.

WHAT ADULTS LEARN:

- How to SPEAK English
- How to READ English
- How to WRITE English

FAMILIES

Our Mommy and Me parenting program empowers parents to transform their strengths into tools that will help their children grow. During each class, parents are engaged in their children's weekly literacy theme, followed by fun and educational family activities. When families join Todos Juntos, we make sure they feel the love and feel that we're doing this together – as a family.

WHAT FAMILIES LEARN:

- How to effectively communicate as a family
- How to build a social network of support
- How to advocate for their child
- How to support their child in life and education

WHAT STUDENTS ARE SAYING

“When I arrived in the U.S., I understood nothing. Now, I can be included in conversations and understand what is being said.”

– Isaac, adult ESL student

“What I learn here helps us as a whole family. In Mommy & Me, we support each other by sharing advice and personal experiences that other parents have already gone through. I've learned about my rights as a parent that I didn't even know I had.”

– Yessica, adult ESL student and parent to ECE student

“We're all equal. It doesn't matter your background, and every person here has made me feel welcome. They have big hearts and it is obvious they're passionate about being here.”

– Jaquin, adult ESL student
