Our 11th School Year

We are off to another great start! We kicked off our 11th year by adding two new courses to accommodate our students' growing needs, including a new Career Pathways Computer Basics class in partnership with **ACC**, as well as an upcoming Entrepreneurial Class. We also held our **2nd Annual Healthcare - Know Your Rights Workshop** where students are informed on patient rights, access to care, and local health resources. TJ has also partnered with the **Census Bureau** to guarantee that TJ families are informed and prepared to participate in the fast-approaching **2020 Census**.

TJ's Search for a New Home

The lease for our current facilities ends in May 2020, which means TJ is searching for new space to host our daily, Dual-Generation programming. Finding a new home is a top priority, and we appreciate your support as we move into this next chapter. If you, or your networks, have any leads on space for lease, or collaborative space opportunities, please contact Christina Collazo at christina@todosjuntoslc.org.

Space must be **move-in ready by June 1, 2020** and should range between **7,000 - 8,500 sq. ft.**

Save the Date

We hope to see you at our **SECOND** annual celebration **The Power of Language** on **February 6, 2020** honoring **The Sooch Foundation & St. David's Foundation's Dental Program!**

Fall Volunteerism

United Way for Greater Austin

United Way's Fall Day of Caring is a community-wide service event that addresses critical needs through meaningful volunteer action. United Way has said that these days are the community's love letter to Austin. And we can see why!

On Friday, September 20th, TJ definitely felt the love from our community friends who helped beautify our outdoor learning space; sanitized our Early Childhood Ed materials; created beautiful chalk art; and more! TJ started as a volunteer-run organization, so volunteers are a vital part of our existence.

Thank you to **UWATX**, **VUKA**, and **NXP** for supporting TJ families during this year's Fall Day of Caring!

We also want to give a special shoutout to our friends from **Indeed** who volunteered earlier this fall to create info packets, an awesome Pete the Cat bulletin board, and held a bookdrive for our little students!

New Website - Thanks, IBM!

Speaking of amazing volunteer work - We are very excited to share that our friends at **IBM** have created a new website for Todos Juntos. If you haven't checked it out, we encourage you to head over to todosjuntoslc.org. This was a wonderful volunteer project that surpassed our expectations. The

marketing team leading this project was organized, professional, and really captured our vision. Thank you **IBM** for being a part of our village!

Don't forget to RSVP for our Fall Cafe Con Todos Juntos on November 6th at 8:45am. Homemade tamales, warm coffee, storytelling, and tour.

MEET JOE DALY, A TODOS JUNTOS 1-1 READING VOLUNTEER

How did you first get involved with Todos Juntos? I first became aware of TJ when my wife, Ann, and I were invited to a fundraiser. I've always thought that reading to children is one of the best ways to help them grow and learn. I really enjoy spending time with the children at TJ, especially since my own grandchildren are in Albuquerque.

Why do you think interest in dual-generation is growing? I think that the learning "together" system TJ uses helps children see that school and learning are important because parents are attending classes, too.

What do you wish other people knew about Todos Juntos? When one sees the efforts that TJ parents and their children are making, it is obvious that they are people who are great community members.

What would you tell someone who is thinking about donating or volunteering? Volunteering and financially supporting TJ is not only rewarding but also an efficient use of time and resources. No frills, just a commitment to the mission--I like that.

What do you do when you aren't volunteering? I still practice energy law.

What might someone be surprised to know about you? For a number of years, I volunteered as an assistant coach for two different high school rugby teams, each of which made it to the national championship tournament.
