

Industrial Applications of Demulsifiers

<u>INDUSTRY</u>	<u>PROBLEM</u>	<u>SOLUTION</u>
Formulators	Water entrainment in oil	ECO*Demulsibility Additives
	Lube plant flushings	ECO Demulsifiers for high-water lubes.
	Off-spec finished product	ECO Dehazers
	Customer's spent coolants	Deoiling with ECA*Water Demulsifiers
Metal-working	Automotive plant lube	ECO Demulsifiers for oil recycling
	Aluminum plant coolant	Deoiling with ECA Water Demulsifiers
	General plant effluent	ECA Water Demulsifiers
	Steel mills/Railroad	ECOs for oil recycling and oily sludge reduction
Marine Industry	Ballast/Bilge water Engine Oil contamination Barge cleaning	
Recyclers/ Reclaimers	Hydraulic oil	Dehydration with ECO Demulsifiers prior to distillation
	Waste crankcase oil	ECO Demulsifiers for fuel oil
	Industrial oily wastes	ECO Demulsifiers for rerefining
	Spent coolants	Deoiling with ECA Water Demulsifiers
