RE: SPWRAP Municipal Water Usage Questionnaire

Dear SPWRAP Municipal Member.

As a signatory of the Platte River Recovery & Implementation Program Cooperative Agreement-PRRIP, the State of Colorado is required to provide data about the usage of water in the Platte River drainage in Colorado. The information is used to verify and update the assumed processes and data that were used during Program negotiations. SPWRAP is contractually obligated to collect and provide some of this data to the State. We need your assistance with completing the enclosed questionnaire to meet these contractual obligations.

In order to collate and report the data by the date it is due, we respectfully request you return the questionnaire with a copy of your 2020 Reporting Form & Assessment Invoice, including payment, which is due by Friday March 6, 2020. We are also asking that you please provide copies of your Municipal Water Supply Report and Water Efficiency/Conservation Report if publicly available by email, weblink or mail. If you have questions regarding the completion of the questionnaire, please contact Jon Altenhofen at Northern Water as indicated on the questionnaire.

Thank you in advance for your assistance.

Best Regards,
SPWRAP, Inc.
