EXTENSION AND FENCING PERMIT APPLICATION

BY SIGNING THIS PERMIT APPLICATION, YOU ARE AGREEING TO AND/OR ACKNOWLEDGING THE FOLLOWING

- The homeowner and/or developer/contractor must follow the National Building Code and any supplements and amendments, as the minimum development standard and that the onus for compliance with the National Building Code standards is placed on the owner and/or developer/contractor.
- Development will not be undertaken before written permission from the Town has been received by the applicant.
- Only the development described on this application form is to be developed and only at the site indicated. If the applicant wishes to use this site for any other purpose or undertake this development at another location, a separate application must first be submitted and approval from the Town of Bonavista must be received.
- If the land to which this application pertains is owned under Squatter's Rights, the applicant confirms that all property boundaries are correct, and that the onus is on the applicant for any false or misleading information.
- If the land to which this application pertains is Crown Land, not under squatter's rights, or land the applicant is not the sole owner of, the applicant is aware that approval of this application by the Town does not allow them to develop without permission from Crown Lands.
- No information that could affect a decision to approve or refuse this application has been deliberately withheld or purposely submitted incorrectly by the applicant.
- I am aware that the Town will not grant permission to develop if any requirements of its Municipal Plan or any other applicable regulation cannot be met. This includes all development and/or repairs with the Town's Municipal Heritage District and Guidelines.
- If permission is granted, all applicable provincial and municipal laws and regulations and any conditions that the Town attaches to a development permit will be complied with.
- The applicant / owner is completely responsible for the cost of water and/or sewer connections from the Town's main line(s).
- The property owner is responsible for damage to curb stop shutoff valves and must always keep shutoff valves accessible.
- Sump pumps, floor drains, weeping tile, roof drains, etc. shall not be connected to the sanitary sewer system.
- Back water valves must be installed on sanitary sewer lines in accordance with the Canadian Plumbing Code and related revisions or when the Town requires installation in high-risk areas. The onus for noncompliance is placed on the owner and/or developer/contractor.
- Water and Sewer Hook-up - Where possible the home shall be connected into the Town's water and sewer system and all costs associated with the installation such as materials and labour are the responsibility of the homeowner/developer. Qualified personnel must be hired to perform the work and all work must be inspected by the Town's Water and Sewer Maintenance personnel. Any damage or interruption to the water and/or sewer system is the responsibility of the applicant.
- On-site sewerage disposal system – It is the homeowner's responsibility to have the land evaluated for the installation of an on-site sewerage disposal system. This evaluation must be conducted by a registered designer and submitted to Service NL for final approval. Without final approval from Service NL, this permit is not valid.
- The homeowner and/or developer must contact the appropriate Federal and/or Provincial Departments to acquire an all-necessary license or permits required.
- Newfoundland Power must be contacted to ensure proposed buildings/structures are not within the power line easement area. (1-800-663-2802)
- The Department of Transportation and Infrastructure must be contacted if one of the provincial roadways is to be disturbed. (Coster Street, Hospital Road, Station Road, Cape Shore Road, Church Street, Route 230, Route 235).
- A fence may be erected provided that it is entirely located on the lot and it does not encroach upon any street or abutting lot; it may be built on a lot line, in which case the Authority may require proof of the location of the lot line, and, it has a max height of no more than 2 metres, including any ornamentation or projections above the general upper line of the fence, except as otherwise provided in any Use Zone.

EXTENSION AND FENCING PERMIT APPLICATION

SUBMIT WITH THIS APPLICATION

The following documentation must be submitted with this application:

1. Survey / Proof of ownership of land.
2. Survey / plans / specifications of proposed building or building location.
3. Sketch indicating location of building on land with measurements.
