

John Henry was born: about 1751 in Pennsylvania to William and Hannah Henry.

Mary Shearer Henry said that John and Moses Henry were killed 07Oct1780 in the battle of Kings Mountain. Samuel Martin said that two "South Fork (of the Catawba) boys" were mortally wounded. We know that Moses died months later in Charlotte. John was not buried on the battlefield with the other South Fork boys. A codicil was added to the 24Dec1779 John Henry will on 15Oct1780, eight days after the battle. We conclude that John was mortally wounded.

The 1909 battlefield monument does not list John Henry among the patriot casualties.
