## **UPCOMING CALLS/EVENTS**

### ***Ambient Air Quality/EPA/NTAA/Tribes***

**EPA hosting a State Implementation Plan process call.** Last week, EPA held an internal National SIP Lean Event to explore opportunities for making the State Implementation Plan process more efficient and effective. The agency has invited interested NACAA members to join a report out conference call on the event. Call details are as follows:

Date: Monday, February 26, 2018

Time: 3:00-3:45 PM Eastern

Call-in Number: (202) 991-0477

Code: 9582037

### **EPA Listening Sessions on the Proposed Repeal of the Clean Power Plan**

Please hold February 28 if you're interested in attending one of three listening sessions the U.S. Environmental Protection Agency (EPA) is planning on its intention to repeal the Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units, commonly referred to as the Clean Power Plan. The [press release](#) is available at EPA's newsroom. Comments may also be provided in writing as described in the press release.

The west coast listening session will be held on **Wednesday, February 28**, at the San Francisco Main Public Library in the Koret Auditorium, 30 Grove Street, San Francisco, CA 94102, from **8:30 AM to 7:30 PM PST**. EPA will host three sessions throughout the day that will be structured and run identically:

- Session 1 from 8:30 AM to 12:50 PM;
- Session 2 from 1:00 to 4:50 PM; and
- Session 3 from 5:00 to 7:30 PM PST.

During the on-line registration, attendees will need to choose which of the three sessions they prefer to attend and every effort will be made to accommodate these requests.

Registration information and more details will be posted soon at: <https://www.epa.gov/stationary-sources-air-pollution/electric-utility-generating-units-repealing-clean-power-plan>. Pre-registration to provide oral remarks, as well

as only attend and not provide oral remarks, will begin when the notice is published in the Federal Register and close one week prior to each session on February 21, 2018. Due to meeting space limitations, we highly encourage those who are attending to register for the event as soon as possible. Spanish interpretation will be available at the listening session.

**NTAA Upcoming Calls.** The toll-free number is 1-800-309-2350. If you do not need to call toll free, or would like to help conserve NTAA funding, you can call 1-805-309-2350. Both numbers use code 928-523-0526#.

Contact [Andy.Bessler@nau.edu](mailto:Andy.Bessler@nau.edu) if you have any questions about any call!

**\*Registration instructions\*** When you register for the GoToWebinar, please remember to include your Tribe, Region, or Organization in parenthesis after your last name. This allows you to see everyone on the call and prevents us from conducting a roll-call, ultimately saving everyone's time.

ITEP's [2018 AIAQTP Course Schedule](#)

Course Title	Dates	Location
Air Quality Computations	February 27-March 2	Phoenix, AZ
Air Pollution Technology	March 13-16	Flagstaff, AZ
Air Quality Planning for Wildland Smoke (hybrid course)	March 27-28	Boise, ID
GIS for Air Quality	April 17-19	TAMS Center, Las Vegas, NV
Air Quality in Alaska	April 17-20	Barrow, AK
IAQ Diagnostic Tools for Alaska	May 1-3	Tazlina, AK
<i>National Tribal Forum on Air Quality</i>	<i>May 14-18</i>	<i>Duluth, MN</i>
Management of Tribal Air Programs and Grants (lower 48)	June 5-7	Flagstaff, AZ
Building Performance: Improving IAQ in Cold Climates	Open	Online
Residential Building Science Review	Open	Online
Radon Fundamentals	Open	Online
Quality Assurance (QA) Fundamentals	Open	Online
Quality Assurance Project Plans (QAPP)	Open	Online
Emissions Inventory (self-paced, instructor assistance as needed)	Open	Online
Air Quality Planning for Wildland Smoke (hybrid course)	January-March	Series of 5 webinars

Note: This schedule is subject to change. [Click here](#) for up-to-date information, course descriptions, and applications. If you have questions regarding the pre-requisites or your eligibility for a course, please contact Patricia Ellsworth, Air Quality Curriculum Coordinator, at [Patricia.Ellsworth@nau.edu](mailto:Patricia.Ellsworth@nau.edu) or phone 928-523-6721. For more information, please visit [ITEP's website](#).

### **Air Quality Planning for Wildland Smoke: January-March, 2018.**

This webinar series will provide attendees with an understanding of the impacts of wildland smoke on the health of tribal communities and strategies to minimize exposure. Each 90-minute webinar is free and open to anyone. The webinars will be recorded. **All webinars must be completed prior to the in-person workshop**

**for tribes, March 27-28, 2018, in Boise, Idaho.** The in-person workshop application is available on the ITEP website:

[http://www7.nau.edu/itep/main/Training/training\\_air](http://www7.nau.edu/itep/main/Training/training_air). If you would like additional information please contact Pat Ellsworth, Institute for Tribal Environmental Professionals, at [patricia.ellsworth@nau.edu](mailto:patricia.ellsworth@nau.edu) or 928-523-6721.

**To Register** for the webinars, send an email to: [baldwin.joyce@epa.gov](mailto:baldwin.joyce@epa.gov). In your email, you may request registration for a particular webinar or for all of them. If you have questions about registration, please call Regina Chappell at 919-541-3650.

Webinar #	Date	Presentations
1	January 18 2:00 PM EST	<ul style="list-style-type: none"> <li>• <i>Comparative Toxicity of Biomass Smoke from Different Fuels and Combustion Conditions</i></li> <li>• <i>EPA Methods for National Wildland Fire Emission Inventories, and Resulting WLF Emission Estimates Over Tribal Lands</i></li> <li>• <i>Wildfire Smoke and Your Health</i></li> </ul>
2	February 1 2:00 PM EST	<ul style="list-style-type: none"> <li>• <i>Modeling Tools and Monitor Information for Smoke Impacts</i></li> <li>• <i>Where there's Wildland Smoke – There Are Air Resource Advisors!</i></li> <li>• <i>Overview of Emerging Air Quality Monitoring Technologies and Their Data</i></li> </ul>
3	February 15 2:00 PM EST	<ul style="list-style-type: none"> <li>• <i>Reducing the Public Health Impacts of Smoke</i></li> <li>• <i>Getting the Word Out About Air Quality Using Facebook</i></li> <li>• <i>Ready, Set, Go – Information on Wildfires</i></li> </ul>
4	March 1 2:00 PM EST	<ul style="list-style-type: none"> <li>• <i>The Yurok Tribe's Wildfire Disaster Response and Reintroduction of Prescribed Fire to Help Prevent Future Wildfires</i></li> <li>• <i>Preparing for the Next Wildland Fire Season</i></li> </ul>
5	March 15 2:00 PM ET	<ul style="list-style-type: none"> <li>• <i>Residential and Community Strategies to Prevent Forest Fire Smoke Exposures</i></li> <li>• <i>Industrial Air Scrubbers During Wildfire Conditions: A Public Health Intervention</i></li> <li>• <i>Protecting the Health of Pets and Livestock</i></li> </ul>

## **EPA's Office of Environmental Education announces new 2018 EE Local Grants Teleconference**

EPA will host an additional opportunity for potential applicants to review the [2018 EE Local Grants Request for Proposals](#) with an EPA staff person.

EPA will hold a teleconference at 1 p.m. ET on February 14, 2018, providing an encore presentation of the information provided at the webinar on January 31. This information will then be reviewed a final time in webinar format on February 21, 2018.

- [Register for the February 14 teleconference](#). Questions will be accepted during the call at [ee grants@epa.gov](mailto:ee grants@epa.gov)
- [Register for the February 21 webinar](#).

[Download slides](#) for the teleconference and webinar.

**The National Tribal Forum on Air Quality is seeking presenters and sponsors/exhibitors.** Click [HERE](#) to submit the Presentation/Session request form. Click [HERE](#) for information on or to sign up for the Eco-Café. Sponsors/exhibitors can access the request form, and learn more details on perks and pricing, by visiting the “Sponsors & Exhibitors” page on the NTFAQ website here: [nau.edu/ntfaq](http://nau.edu/ntfaq). Contact [Lydia.Scheer@nau.edu](mailto:Lydia.Scheer@nau.edu) with questions.

## ***Climate Change / Energy***

### **Clean Energy State's Alliance presents Solar + Storage for Public and Affordable Housing**

Thursday, February 22, 1-2pm ET

This webinar will provide an overview of the technology, value proposition, and financing options for projects that pair solar with battery storage (solar+storage) for public and affordable housing.

[Learn more and register here](#).

### **ITEP's Climate Change Adaptation Training Courses registration is online!**

[Learn more about the courses and register here](#).

## ***Toxics/Mobile Sources***

### ***Indoor Air Quality***

**In the winter of 2017, the Hoonah Indian Association in Alaska undertook an indoor air quality study of particulate matter 2.5 (PM2.5) and carbon**

**monoxide (CO).** This study sought to quantify PM2.5 and CO in households, and to quantify or document underlying drivers of indoor air quality issues. Through the study we surveyed 65 homes, and a subset of those homes received a PM2.5 monitor and a CO monitor. Along with the survey homeowners were given a brochure on the intent of the study, and how they may improve their indoor air quality. Our results showed households with stoves greater than 20 years old had significantly higher emissions of PM2.5 than houses with stoves less than 20 years old. We also found a need for weatherization and ventilation upgrades.

Click [Final Report](#) to view

### **Residential Wood Smoke Workshop to be held in Nashville, TN, from March 6 – March 8, 2018.**

This Workshop will be held in conjunction with the Hearth, Patio and Barbeque Association Trade Show/EXPO and is being coordinated by EPA with support from the Western States Air Resources Council (WESTAR). Workshop participants will include state, local, tribal, federal and non-profit organization personnel. Workshop participants will discuss residential wood heating/combustion program issues, opportunities, challenges, lessons learned and partnerships. The Workshop will also provide participants an opportunity to tour the 265,000 square foot Trade Show floor to see firsthand various hearth technologies, including wood, wood pellet, coal and gas stoves, wood-fired central heating system and meet with industry representatives.

You can register for this free event at:

<http://events.eventzilla.net/e/residential-wood-smoke-workshop-nashville-tn-march-68-2018-2138945854> It is critical to book your lodging early as there are few places with a government rate – most places allow you to cancel 48 hours before check-in. If you have questions related to the Workshop, contact Larry Brockman [brockman.larry@epa.gov](mailto:brockman.larry@epa.gov), 919-541-5398.

## **RESOURCES**

### ***Now Hiring!***

**Grand Canyon Trust is hiring a Special Projects Coordinator for their Native American Business Incubator Network (NABIN)**

Temporary position from February 2018-February 2019. Renewal dependent on grant funding. [More information here.](#)

**Swinomish Indian Tribal Community is hiring an Air Quality Specialist**

Closing date: March 1, 2018

For more information, visit their webpage: <http://www.swinomish-nsn.gov/resources/human-resources.aspx>

**Redwood Valley Little River Band of Pomo Indians is hiring an EPA Director**

For more information, contact Mary Camp, Tribal Administrator, at [admin@rvrpomo.net](mailto:admin@rvrpomo.net)

***Ambient Air Quality/EPA/NTAA/Tribes***

**EPA Tools and Resources Webinar Series**

Usually held the third Wednesday of every month from 3:00-4:00 PM ET  
Who should attend? Representatives of state environment and health agencies, tribes, local governments, communities, and others interested in learning about EPA tools and resources available to help inform decision-making.

[Access past webinars and learn more here.](#)

**No-Cost Technical Assistance from DOE**

The DOE Office of Indian Energy provides federally recognized Indian tribes, including Alaska Native villages, tribal energy resource development organizations, and other organized tribal groups and communities, with technical assistance to advance tribal energy projects at no cost. Technical experts from DOE and its national laboratories, along with other partnering organizations, provide support to assist Indian tribes and Alaska Native villages with energy planning, housing and building energy efficiency, project development, policy and regulation, resilience, and village power.

For more information, visit the on-request [technical assistance description](#).

## ***Toxics/Mobile Sources***

**Don't Mess with Mercury – A mercury spill prevention initiative for schools**  
The Agency for Toxic Substances and Disease Registry [has this website](#) as a resource for mercury and schools.

## ***Indoor Air Quality***

**EPA is excited to announce their latest additions to the Burn Wise educational materials.** They have new flyers, videos and even a children's activity book! See below for details and links. You can order hard copies via the new order page at [www.epa.gov/burnwise/orderform](http://www.epa.gov/burnwise/orderform). If you have recommendations or questions related to EPA's Burn Wise Program, contact me at [brockman.larry@epa.gov](mailto:brockman.larry@epa.gov) or 919-541-5398.

- [How to Build a Firewood Storage Shed Video](#) - this 6-minute video shares the benefits of storing firewood properly, lists the materials needed for the project, and demonstrates how to build the firewood storage shed.
- [Build a Firewood Storage Shed Guide](#) - the updated 2-page how-to guide (a companion to the video) provides a list of the materials, cost, photos and simple schematics for building a firewood shed that holds about one cord of wood.
- [Wood Smoke Children's Activity Book](#) – a 16-page coloring and activity book that teaches children about wood smoke and ways their family can reduce smoke from wood burning. For grades K-3. Thanks to Alaska Dept. of Environmental Conservation's Burn Wise program for allowing EPA to modify their book and make it more widely available.
- [Test Your Wood with a Moisture Meter Flyer](#) – the 1-pager spells out the benefits of burning dry seasoned wood (i.e., <20% moisture content) and how to properly test firewood using a moisture meter to see if it is ready to burn. There is also a Burn Wise [video](#) that demonstrates how to use a wood moisture meter.
- [New EPA Wood Burning Best Practices Video Webpage](#) – the Burn Wise Website has a new webpage that includes all of our best burn practices videos in one location. The page also includes links to other useful non-EPA produced videos related to wood stoves.

**The Tribal Pesticide Program Council (TPPC) in conjunction with the U.S. Environmental Protection Agency (EPA) has developed a Bed Bug Educational Package** meant to provide useful information to Tribal members for bed bug prevention and control, and is available through the TPPC web site dedicated to bed bug issues at <http://tppcwebsite.org/bed-bugs/>.

Additional useful materials posted at that TPPC web site for Tribes include the Bed Bug Issue Paper (survey of the problem in Tribal Country), EPA webinar on bed bugs in schools, links to other bed bug resources, and Federal funding resources.

Please feel free to contact Donald Baumgartner or Emily Ryan (EPA Headquarters) at 703/347-0595 if you have questions.

**Be sure to sign up for [EPA's Healthy Indoor Air newsletter](#).**

*[Back to Table of Contents](#)*

## **FUNDING OPPORTUNITIES**

### ***Ambient Air Quality/EPA/NTAA/Tribes***

#### **Deadline Extended for EPA's Teacher and Youth Awards**

Are you an expert at incorporating environmental education into your classroom? Do you know a student with an exceptional environmental stewardship project? You or someone you know might be the next winner of the [Presidential Innovation Award for Environmental Educators](#) or the [President's Environmental Youth Award](#).

Applications are due March 30, 2018.

#### **Sierra Health Foundation of California Responsive Grants Program**

Online applications are due March 19, 2018.

More information about this Foundation and Grant Program can be found [on their website](#).

**U.S. EPA announces \$3 million available for locally focused environmental education grants. [Learn more here](#) and [here!](#)** Proposals are due March 15, 2018.

#### **CEC Youth Innovation Challenge**

Attention Students: Submit your bold idea for the chance to receive C\$5,000 in seed funding and present your innovation to North America's top environmental officials in Oklahoma City this summer.

[Learn about the Commission for Environmental Cooperation Youth Innovation Challenge](#). Ideas are due April 3, 2018.

As today's visionaries and tomorrow's decision-makers, young leaders will drive the green growth innovations that are critical to a sustainable future. Canada, Mexico and the United States need innovative science, technology and business solutions to North American's shared sustainability challenges. Students and young entrepreneurs are encouraged to share innovative ideas that:

- Create better or more effective products, processes, services, technologies, business models, marketing, supply chains and/or partnerships for the benefit of society, the economy and the environment.
- Contribute to the natural asset base of North American economies, creating green jobs and/or economic opportunities for citizens in North America;

Make good business sense in terms of profitability and potential for growth.

### ***Climate Change/Energy***

**DOE Announces Up To \$11.5 Million Available for Energy Infrastructure Deployment on Tribal Lands. Applications are due April 19, 2018.**

This funding through the Office of Indian Energy Policy and Programs will support Native American and Alaska Native communities interested in harnessing their vast undeveloped energy resources.

This funding opportunity announcement (FOA) builds on efforts to strengthen tribal energy, economic infrastructure resource development, and electrification on tribal lands. This is also the first time that the Office of Indian Energy is issuing a FOA on an entirely fuel and technology neutral basis. This will expand the potential for tribes to use the particular resources available to them and is consistent not only with an all-of-the-above energy policy, but also with the principles of tribal sovereignty and self-determination.

Tribal lands comprise only 2% of U.S. land, but contain about 5% of all the country's renewable energy resources, almost 30% of the coal reserves west of the Mississippi, 50% of potential uranium reserves, and 20% of known oil and gas reserves. Yet 86% of Indian lands with energy or mineral potential remain untapped, as social and economic barriers have historically limited energy and infrastructure development on tribal lands.

This funding opportunity will address these gaps and barriers by soliciting and selecting applications from Indian Tribes, which include Alaska Native Regional Corporations and Village Corporations, and Tribal Energy Resource Development Organizations in the following areas:

1. Topic Area 1: Install energy efficiency measures and/or energy generating systems for tribal buildings that may include deep energy retrofits, energy generating systems, or a combination of energy efficiency measures.
2. Topic Area 2: Deploy community-scale energy generating systems on tribal lands to provide electricity to a substantial number of buildings or even an entire tribal community.
3. Topic Area 3: Install energy systems for autonomous operation to power single or multiple essential tribal loads during emergency situations, or to power a substantial number of essential tribal loads for community resilience.

Selected projects will take on a 50% cost-share in order to reduce or stabilize energy costs, as well as increase energy security and resilience for Indian tribes and Alaska Native villages.

For additional details, read the [full press release](#). Download the [full FOA](#). An [informational webinar](#) will be held Feb. 27, 2018, to provide potential applicants with more information. See the Office of Indian Energy [website](#) for a map and summaries of these competitively funded projects.

## ***Toxics/Mobile Sources***

### ***Indoor Air Quality***

#### **Nominations Are Now Being Accepted for the HUD Secretary's Award for Healthy Homes**

The U.S. Department of Housing and Urban Development (HUD), through its Office of Lead Hazard Control and Healthy Homes (OLHCHH) and in partnership with the National Environmental Health Association (NEHA), is accepting nominations for the annual HUD Secretary's Award for Healthy Homes. HUD recognizes excellence in making indoor environments healthier through healthy homes research, education, and program delivery, especially in low- to moderate-income communities.

The submission deadline is February 28, 2018, at 11:59:59 p.m. EST. Awards will be presented at the 2018 NEHA Annual Education Conference and HUD Healthy Homes Conference on June 27, 2018, in Anaheim, California.

[Click here to submit a nomination and learn more about the award.](#)
