

## THE CAREER FOUNDATION

Developing Human Potential

**This government-funded program** provides job seekers with cutting-edge industry training to equip them with hands-on cannabis production skills.

**We are inviting industry professionals & employers to participate in any of the following ways:**

- Contribute to curriculum development
- Join the Advisory Committee (with representatives from education, government and employer community)
- Hire or mentor a student
- Appear as a guest (virtually or in person)
- Lead a site visit/tour of your operations (virtually or in person)
- Participate in podcasts/interviews.

### Benefits of Participating

- Save time & money on training entry-level workers by tapping into government funds to create an industry training program.
- Increase the productivity and efficiency of new workers through cross-training on practical, entry-level roles.
- Promote your organization through guest appearances, site tours and interviews.
- Gain access to a pool of skilled, passionate job seekers!

### Training Location

Training will take place in Hamilton, Ontario. However, jobs and paid work placements can be available across the province.
