

# Community Coach Connections

August 2020

## Coordinators Corner

I am so thankful for all of the volunteer Community Coaches. You are the heart of this project and it is because of your service and commitment that together we are able to change lives. In this community which we have created, there are people from every aspect of life and yet through our differences we are able to find the place that connects us to each other. Through kindness, compassion, and humility we stand with each other. Our voices are heard and our presence is felt.

## Participant Spotlight

### Travis

“I come from a hard road. I have struggled with mental health problems from a young age. I’ve had self esteem and trust problems since I was a child. I was in my mid twenties when I was diagnosed schizophrenic and bipolar and to make things worse, I was a meth addict. I receive mental health services now and I am living clean. My clean date is 02/04/2017! If I can give any advice it is that I wish I would have stayed in recovery when I started instead of having to figure it out the hard way. But I am grateful I am where I am today. I graduated the Yavapai Reentry Project recently and I love the people there for being there for me with their love and support. Thank you to my MAT-FORCE team. Let go of what’s gone, be thankful for what remains, and look forward to what’s coming next.”

*We are proud of you, Travis, for your willingness, courage, and strength to go after your dreams!*
