

Community Coach Connections

January 2021

YavapaiReentryProject.org

Program Coordinators Corner

As I reflect on 2020 and all the challenges we faced I also see all the blessings both personally and professionally. I am so proud of and thankful for all the people involved with this program. This past year we were able to push forward through all the challenges and make a positive difference in others' lives. I want to thank all the volunteer Community Coaches for giving their time and wisdom. They did not do this for money or personal gain, but simply because they care about people in our community. I cannot think of a better way to spread the message of love and compassion. Thank you to our Planning Committee members, MATFORCE and YRP staff, and especially Clarissa and Scott! I can't wait to see what 2021 brings!

Brenda Buenrostro

Participant Spotlight

Gloria

"These past five years I have learned more than I could have ever dreamed I would. I learned I hated myself, was addicted, was suffering with depression and anxiety, of the brutal loneliness being locked in a jail cell, but also... that I'm a survivor!

I've overcome so much. I thank God every day that I'm alive to tell about it. I'm so thankful for the Yavapai Reentry Project for being there through my journey. YRP helped save my life. This program, my coach Roxanne, Brenda Buenrostro, and Clarissa gave me the strength, security and clarity I can now say I have in my recovery. They were all there for me when I couldn't be there for myself.

Thank you Yavapai Reentry Project for the chance you gave me at a new way of life!"

Gloria- It is your courage, perseverance, willingness to ask for help and do the work, and your humility that has changed your life. We are more blessed because of you.

Let's Celebrate!

Celebrating ***TWO*** people successfully completing the program!

December Enrollments: **17**

Total Participants Assisted: **90**
