

## **Lighthouse Construction of Detroit Lakes, MN Wins Remodeling Award**

Continuing to set new standards of professionalism, 79 companies from across the United States were named winners at the 2020 Chrysalis Awards for Remodeling Excellence. The entries were judged on overall design, the creative use of space and materials, and the degree to which the project enhanced the original structure.

The project submitted was Lure Lakebar which is located on the shores of Lake Le Homme Dieu in Alexandria, Minn., Lure Lakebar is a hotspot where Midwest comfort meets coastal cuisine. Seven months prior to its opening in May of 2019, its facade was primarily pink and pastel; the home of a Caribbean-themed restaurant named Bug-A-Boo Bay. Under the new ownership of Lake Life Hospitality Group, the team recruited Lighthouse Construction of Detroit Lakes. Together, they completed a massive overhaul of the 10,800 square foot space, in a mere seven months. Today, Lure Lakebar is a year-round destination, inspiring a classic twist on Minnesotan lake vibes, with an "Industrial Cabin" and coastal design.

This project was also featured in the March issue of Midwest Nest Magazine. <https://www.midwestnestmagazine.com/cuisine/lure-lakebar>.

The Chrysalis Awards program, begun in 1994, recognizes the nation's best work in fourteen general categories of residential and commercial remodeling. The Chrysalis Awards are open to every professional remodeler and design professional in the United States.

"This was the first year Lighthouse Construction entered the awards, and to take home top honors on the first attempt is impressive," says Ken Kanline, Director of the Awards.

Pictures of the 2020 award-winning projects can be seen on Chrysalis website [www.chrysalisawards.com](http://www.chrysalisawards.com) beginning in late-August.
